

Learning solutions for business and industry

Transform your workforce, improve productivity and grow your organisation.

With more than 150 years' combined experience in the vocational education sector, Kangan Institute and Bendigo TAFE have a proven history of delivering quality learning solutions for industry and business.

Consulting services that achieve genuine business benefits

We're committed to building long-term relationships with our clients.

We take the time to understand what your business wants to achieve and then tailor a solution that meets the unique needs of your organisation.

Our outcome focussed collaborative approach will assist you to identify high value opportunities, address your challenges, and transform your organisation.

Our experienced consultants will work in partnership with you to develop and implement initiatives that can help your organisation achieve success by:

- ✓ Embedding a customer focussed culture
- ✓ Developing capable leadership
- ✓ Reducing operational costs
- ✓ Improving work safety practices
- ✓ Increasing productivity
- ✓ Building a skilled workforce
- ✓ Preventing skills shortages
- ✓ Enhancing staff satisfaction and engagement.

Flexible solutions designed
with your business in mind

We're passionate about delivering superior quality service and flexible options to our clients: our reputation and the loyalty of our clients depend upon it.

CUSTOMISED TO MEET YOUR NEEDS

Our existing courses can be customised or combined, or we can design a new program for you. We'll assess the skills and experience of your employees before they commence training and develop a personalised training plan for each individual.

If your employees have relevant skills and experience, we may be able to award them a qualification without them having to complete any further study. If gaps are identified, we can develop a program to address those specific areas.

DELIVERED WHEN AND WHERE IT SUITS YOU

Our teachers can deliver training onsite at your workplace – no matter where you are in Australia – or at one of our conveniently located campuses. We schedule training when it's convenient for you so that operational disruptions are kept to a minimum.

Training can be fast-tracked or delivered incrementally over an agreed period of time. We can teach students in groups, one-on-one or provide online modules that students complete at their own pace.

LOCAL OR GLOBAL

If your workforce is geographically dispersed, our national and global delivery options will make certain your employees receive consistent training regardless of their location.

We provide a single point of contact so there's no need to deal with multiple training providers and you have peace of mind that standardised training is being provided across your entire organisation.

TAILORED RESOURCES AND TOOLS

We have developed an extensive range of resources including onboarding and induction programs, learning management modules, training collateral and tools, and instruction manuals. Our existing materials can be modified or we can tailor new resources specifically to meet your needs.

We take the time to understand what your business wants to achieve and then tailor a solution that meets your unique needs.

We are the provider of choice for organisations who are seeking practical solutions to today's workforce development challenges. We work with a diverse range of clients in the private and public sector. Our customers include some of Australia's largest corporations as well as hundreds of small and medium sized businesses.

Support services and advice to make life easier

Our expertise in the area of vocational training enables us to deliver a range of support services that go beyond simply delivering training programs.

VOCATIONAL AND EDUCATION TRAINING (VET) ADVICE

When you're busy focussing on business, it can be difficult to stay abreast of the complex and ever changing VET system.

Our knowledgeable consultants help you to navigate the VET system and provide you with information and advice to help you stay up-to-date.

RECRUITMENT SERVICE

We can help you locate and secure the most suitable employees for your business.

You can advertise your job vacancies to our students free of charge, or we can recommend suitable candidates from our student base to you.

APPRENTICESHIP AND TRAINEESHIP SUPPORT

As major providers of traineeships and apprenticeships, we understand employers' obligations and requirements under the Australian Apprenticeships program.

Our consultants can guide you through the sometimes challenging process of recruiting, registering and training apprentices and trainees.

We are also able to develop customised apprenticeship and traineeship training programs specifically for you.

GOVERNMENT GRANTS AND FUNDING ADVICE

Our extensive knowledge of Government incentive programs for employers has assisted many of our clients to access funding that they previously didn't know they were entitled to receive.

We can help you to identify any programs relevant to your organisation, explain the eligibility criteria, and guide you through the application process step-by-step.

Quality outcomes for you and your employees

As two of Victoria's most prominent providers of vocational training, Kangan Institute and Bendigo TAFE combine extensive experience in the education sector with a fresh look for the future.

We attract more than 40,000 enrolments each year and are recognised as major training providers for the automotive, health and community sectors as well as Indigenous education. We also have a strong presence in a range of industries such as agriculture, fashion and business, as well as justice and legal.

Kangan Institute and Bendigo TAFE are recognised as leaders in delivering hands-on, practical training. Our programs emphasise real skills and are developed in conjunction with major industry partners to ensure that course content and outcomes are highly relevant to modern industry needs.

Our proven track record of working with industry along with our training credentials and commitment to continuous improvement, combine to ensure quality outcomes for your employees and your business.
