Unleash You at Kangan Institute

TAFE VICTORIA

STUDENT OF THE YEAR 2022

“

I have always looked at community service and support service in life as not just there for the person going through the injury or the need at the time. But where do their family and friends go to for help? I want to be on the other end of that call for help.

The information in this publication is correct at the time of release (May 2023) and some courses are subject to change.

Kangan Institute acknowledges their campuses are located on the ancestral lands of the Wurundjeri Woi-Wurrung people of the Kulin Nations. The institute respects traditional custodians, Elders and their cultural heritage.

UNLEASH YOU AT KANGAN INSTITUTE

Kangan Institute is one of the largest and most trusted education and training providers in Victoria. With more than 90 years of educational excellence backed by industry connections, our graduates learn real skills and gain the confidence to succeed in life.

With an established network of industry partners and a strong reputation with employers across Victoria, our courses are developed to respond to their employment needs. We ensure our training is relevant and will provide you with the skills and knowledge you need to match the demands.

We focus on providing you with work-ready training including practical, hands-on experience, industry projects and work placements.

LEARN FROM INDUSTRY EXPERTS

Our world-class teaching faculty come with extensive industry experience and connections. Our personalised approach means you get one-on-one attention in classes.

GAIN HANDS-ON PRACTICAL SKILLS

Our focus is all about getting you work-ready. With an emphasis on practical training, industry projects and work placements, you will gain real experience and the latest industry knowledge. So, when you graduate, you will have the skills that employers are looking for.

ACCESS OUR INDUSTRY PARTNER NETWORK

Kangan Institute has established a vast network of industry partners and a strong reputation with employers. By developing our courses in consultation with industry partners, we make sure that you gain the most current and up-to-date skills. Our Skills and Jobs experts also provide support and connect students to jobs each year.

Our focus is to ensure industries have access to well trained, highly skilled tradespeople and professionals. This may be through an apprenticeship or people refreshing their skills to ensure they have the most current knowledge and work practices to bring to their workplace.

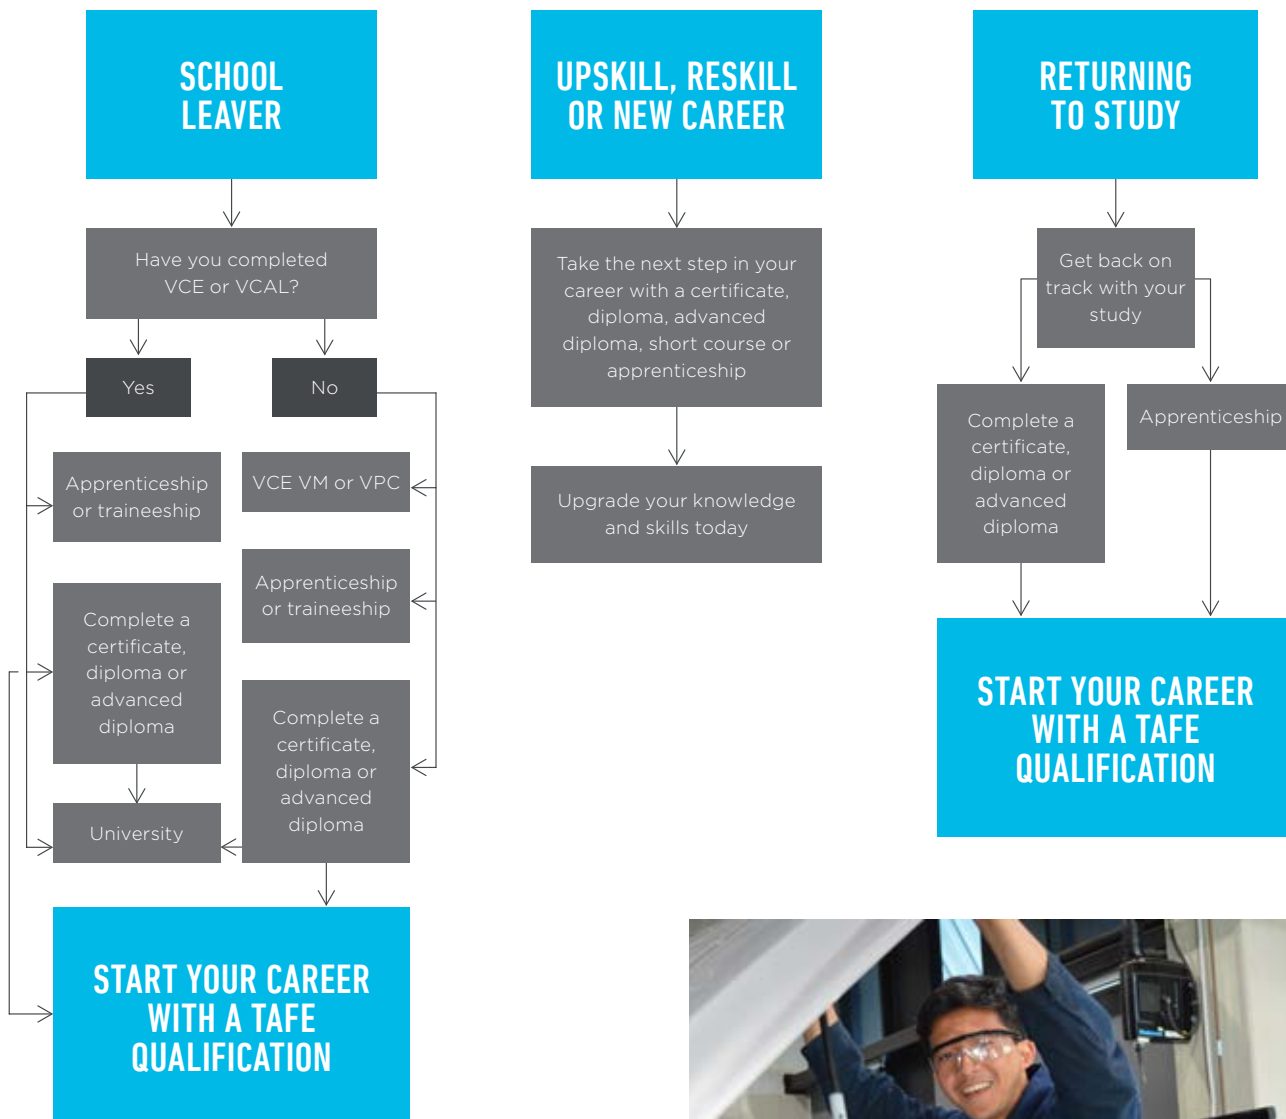

WINNER OF THE
Large Training Provider of the Year Award
Australian and Victorian Training Awards 2022

WHY CHOOSE TAFE

With hands-on practical learning, high levels of student support and opportunities to work with our key industry partners, TAFE gives you the skills you need to achieve your future career goals.

Whether you have recently finished school or university, have decided to change careers or further develop your skills, TAFE can support you to achieve the skills that you require to gain employment.

FREE TAFE COURSES

Whether you're looking to commence your career, reskill or upskill, we offer a wide range of Free TAFE courses*, providing you study opportunities to fill identified in-demand industry jobs.

Free TAFE can help cover the cost of tuition for selected courses. See if you meet the eligibility criteria below.

ELIGIBILITY CRITERIA

Residential status: Any Australian citizen, Australian permanent resident or New Zealand citizen is eligible for a Free TAFE course in Victoria.

Previous qualification: You can do your first Free TAFE course no matter what qualifications you already hold. This applies to all qualifications - whether they be through TAFE or university. This is because the 'up-skilling rule' has been removed.

Multiple Free TAFE courses: You can do multiple Free TAFE courses in the same occupational pathway listed under 'Free TAFE Priority Pathways' below.

This is because the 'once-in-a-lifetime limit' requirement for Free TAFE has now been removed for Priority Pathways.

Note: Students who choose a Free TAFE course that is not part of a Priority Pathway can only study one Free TAFE course.

Students whose only Free TAFE fee waiver was under JobTrainer can also do another Free TAFE course, either in a pathway or non-pathway program.

Free TAFE priority pathways do not include apprenticeship pathway courses.

You will be charged for any additional non-tuition fees relating to your studies, which may include material and consumable fees.

Note: Some Priority Pathway courses are not offered at Kangan Institute. See the full list of Priority Pathway courses at vic.gov.au/free-tafe

You can continue to study your Priority Pathway at Kangan Institute even if you have started the Pathway at another institute.

*Free TAFE on selected courses only. Eligibility criteria apply.

Other fees and charges may apply. Find out more at freetafe.vic.gov.au

FREETAPE.VIC.GOV.AU | 13 TAFE (8233)

WHERE DO I START?

PREREQUISITES

You may need to meet some entry requirements in order to enrol in one of our programs. These requirements vary for each course, but may include:

- A minimum age (some courses require that you are over 18 so that you can legally work in the industry)
- Satisfactory language, literacy and numeracy skills
- A Police Check or a Working with Children Check (if you are working in an industry that has contact with children or the public)
- Evidence of immunisations. Some courses such as health care may require additional immunisations.

These prerequisites are not designed to be a blocker to entry in the course, but to ensure that you are compliant and ready to be employed in the industry once you complete your training with us.

To find out more about our prerequisites, please contact us on 13 TAFE (13 8233)

RECOGNITION OF PRIOR LEARNING (RPL) AND SKILLS RECOGNITION

If you have acquired relevant skills and knowledge in your workplace, through previous training, or even via volunteer work, you may not need to complete further study to obtain a qualification.

With our skills recognition program you can save time and get an accredited qualification to improve your career prospects.

Find out more at kangan.edu.au/study-with-us/prospective-students/skills-recognition-and-change-of-preference or contact us on 13 TAFE (13 8233)

INTERNATIONAL STUDENTS

Kangan Institute is one of Australia's largest and most trusted education providers, offering a wide range of courses from English language programs to internationally recognised certificates, diplomas and advanced diplomas.

With more than 90 years of educational excellence, our qualifications give you the skills, experience and the confidence to succeed in life.

For more information about our courses available to international students please visit kangan.edu.au/international or contact us at

international@kangan.edu.au or call 1300 175 176 to discuss your options.

WHAT SHOULD I EXPECT?

STUDENT ORIENTATION

We understand that being a new student can be daunting, so we have developed a student orientation program to support you through your transition into TAFE.

Take the opportunity to discover what services and support we offer each and every Kangan Institute student, meet new people and make new friends.

If you have any questions about our Student Orientation program, please contact our events team at events@kangan.edu.au

STUDENT EVENTS

Kangan Institute holds a number of events and activities throughout the year to make sure there's always something fun and engaging happening on campus.

As a new student, you can look forward to cultural diversity celebrations, mental health awareness days, reconciliation events, women's day events, work safe month and more.

For more information on student events look out for our monthly student newsletter or email our events team at events@kangan.edu.au

STUDENT NEWSLETTER

To stay on top of everything happening on and off campus, keep an eye on your inbox for our monthly student newsletter.

You'll find fun, informative and engaging stories that cover the below:

- What's happening at TAFE
- News and success
- Alumni spotlight
- What's happening in Melbourne

Want to get involved? We are always looking for students to profile, success stories to share and articles written by students for students. Get in contact with us at studentnews@kangan.edu.au

IDAHO OUR AMBASSADOR DOG

In 2018, Kangan Institute welcomed our ambassador dog Idaho to the TAFE team.

Idaho was bestowed on us by our industry partner Guide Dogs Victoria and helps students understand the needs of people with low vision and the work associated to train and care for their assistance animals.

Idaho can be seen at a range of our events and on campus almost daily to help share the message of accessibility and inclusivity throughout the TAFE.

To keep up with Idaho's travels follow us on Instagram and Facebook.

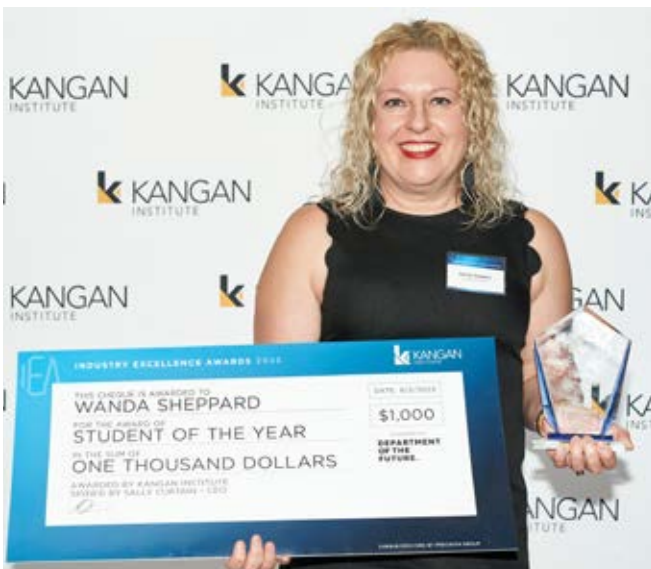

STUDENT GRADUATION

The Graduation Ceremony is a yearly event that celebrates the achievements of students who have completed their studies with Kangan Institute.

Eligible students will receive their invitations via email between December-February once they have completed their course of study. This occurs when the teaching department authorises the completion and students have received their certificate via a secure digital platform - My eEquals.

Please note: Certificates of qualifications are not received at the Graduation Ceremony. Students will be able to access their qualifications within real time once issued via My eEquals.

STUDENT AWARDS

Each year a number of students are selected by their teaching area to receive awards and be interviewed for the overall Student of the Year and Apprentice of the Year.

Award recipients and their guests are invited to attend Kangan Institute's annual Industry Excellence Awards night, a networking event where all winners are presented with their prizes onstage.

INDIGENOUS EDUCATION CENTRE

The Indigenous Education Centre (IEC) at Kangan Institute is an innovative environment that fosters and promotes Indigenous learning, while supporting Indigenous students undertaking study and training in a wide array of courses across the institute.

Honouring the traditional landowners of the area, the Gunung-Willam-Balluk and Wurundjeri peoples, the centre merges the cultural heritage and values of these landowners with contemporary Aboriginal culture and strong networks with key Aboriginal organisations to ensure that our students are supported through their time with us.

As one of the state's largest providers of training and education, Kangan Institute delivers a wide range of courses and programs. Our courses are designed in consultation with communities and employers which means that Aboriginal students gain skills and knowledge while improving their networks and employment options.

The IEC plays an important role in supporting Aboriginal students at Kangan Institute, providing them with a welcoming environment at all times and assisting them where required to find the course of their choice, getting enrolled and starting their training.

OUR STUDENTS

The IEC welcomes all Indigenous Australians. Our students come from many different backgrounds ranging from early school leavers to people over 50.

We support students engaged in a variety of courses across the institute, from foundation to entry level courses which include language, literacy, numeracy and computer skills, cultural education and advanced courses from the certificate I level all the way to diplomas and advanced diplomas.

Students learn through a combination of classroom, practical, flexible and online learning techniques.

A majority of the students engage in the course of their choice at the TAFE and use the IEC for cultural activities or for support (if required). We also conduct a number of events through the year, celebrating Aboriginal culture and key milestones to which all the students are invited to along with their friends and family.

Most importantly, we have a dedicated Koorie Student Support Officer, Koorie Liaison Officer as well as a Koorie Engagement Mentor based at the IEC to assist students in accessing the full range of support services through the institute, as well as assisting them navigate their way in dealing with government agencies and other relevant organisations.

To speak with one of our Koorie Liaison Officers please contact us on 1300 328 329.

OUR PARTNERSHIPS

The IEC has forged strong relationships with key Aboriginal organisations across Victoria. We work closely with these organisations to ensure that our students have access to all the resources they require throughout their time with us. We also encourage our students to form and establish their own relationships with these organisations and support facilities in order to continue working with them as they move from their TAFE course into a career.

INDIGENOUS CULTURAL AWARENESS TRAINING (ICAT)

We are committed to supporting organisations in gaining a greater understanding of Aboriginal and Torres Strait Islander History and Culture. This program enables workforces to build successful working relationships with Aboriginal and Torres Strait Islander communities.

The ICAT program is designed to provide participants with a practical understanding required for successfully working with the Victorian Indigenous Community. It also builds awareness of Indigenous issues and aims to eradicate apprehension or misconception about Indigenous people.

The program is tailored to not only provide a historical perspective but to also provide learning which can be applied in every day situations. We focus on developing improvement of strategies targeted at Indigenous recruitment and employment. We also offer follow-up support and ongoing consultation.

Contact the Indigenous Education Centre for more information on 13 TAFE (13 8233) or visit kangan.edu.au/courses/indigenous-education-training

WE SUPPORT YOU THROUGH YOUR JOURNEY

NEXT STEP

NEXT STEP is a free service for those aged 15-24 years looking for advice on study pathway options and career planning. Our skilled staff will always give you personalised advice to help you find the right course to get you on the right track.

Contact NEXT STEP: Call 1300 289 290 or email nextstep@kangan.edu.au

STUDY SUPPORT

Kangan Institute offers a range of support services to help students keep up with and successfully complete their course work. Our counsellors facilitate a variety of workshops throughout the year, providing strategies to help you overcome challenges, no matter how big or small.

To make an appointment, call 9279 2511 or email counsellor@kangan.edu.au

DISABILITY SUPPORT

Our disability support team is available to assist, support and provide resources to students who have a disability that affects their learning. The team is here to help you enjoy your studies, giving you the tools to be independent.

To make an appointment, call 9279 2511 or email disability@kangan.edu.au

LEARNING SUPPORT

The Learning Support Unit offers courses that will help you achieve your education and career goals. You can access help with language, literacy and numeracy to ensure you are able to meet the requirements of the course you are enrolled in, whilst building on what you already know.

Our specialised teachers will assist you to reach your full potential. They will work with you in units that encompass general education and work skills principles that are important for success in your career and education journey.

To find out how we can help you, call 9098 5999 or email learningsupport@kangan.edu.au

RECONNECT

Reconnect is a free service that can provide personalised support and course related financial assistance to disengaged, high needs learners. This service works with your strengths and your individual learning goals to help you successfully return to education, training and/or employment.

To be eligible for the Reconnect program you must be:

A Young Person

Aged 17-19: Not engaged in education or training for six months or more (less than 8 hours per week).

A Mature Participant

Aged 20-64: Unemployed for six months or more (less than 8 hours per week) and not engaged in education or training for six months or more (less than 8 hours a week).

A Young Person Impacted by the Justice System

Young people aged 17-24 who have been or are currently on Youth Justice Orders.

An Asylum Seeker

A 17-64 year old without citizenship but holds a valid Bridging Visa Class E (BVE), Safe Haven Enterprise Visa (SHEV), Temporary Protection Visa (TPV), Temporary Humanitarian Stay (Subclass 449) or Temporary Humanitarian Concern (Subclass 786) Visa.

Out of Home Care

Aged 17-64: A person that has a current or previous experience with Child Protection.

Kangan Institute is funded to deliver the Reconnect program in Hume. To find out how we can help you, call 1300 327 328 or go to info.kangan.edu.au/reconnectprogram

EMPLOYMENT CENTRE

One of our primary goals is to strengthen the employability of our students and help them find real jobs in their chosen industry. Our Employment Centre is specifically dedicated to helping you develop your employability skills. Our experts can help you with job search, one-on-one coaching and access to the weekly vacancy listing and other useful resources. Over 1,000 employers advertise jobs with the centre every year and we have a strong track record in successfully placing our students.

You can contact the centre on 1300 484 335 or email employmentcentre@kangan.edu.au

SKILLS AND JOB CENTRE

Our Skills and Jobs Centre provides students and the wider community with free advice on job opportunities, vocational training, career planning and employability skills, whilst assisting individuals to prepare for their future.

Our friendly consultants provide personalised advice and can assist you to answer questions such as:

- Do I need training or a qualification?
- How can I start a career or make a career change?
- Where do I start to look for a new job?
- What type of job may be good for me?

To make an appointment, register for our workshops or to find out more, visit kangan.edu.au/study-with-us/skills-and-job-centre

Call 1300 100 606 or email skills&jobscentre@kangan.edu.au

ELIGIBILITY

How much you pay is determined by the course you enrol in, the scheduled hours you commit to undertake, your eligibility for a government subsidised place and any concession entitlements you might be eligible for.

GOVERNMENT SUBSIDIES

You may be eligible for government subsidised training if you are:

- An Australian citizen
- An Australian permanent resident (holder of a permanent visa)
- A New Zealand citizen

And are any of the following:

- Under 20 years of age
- Seeking to enrol in an apprenticeship
- 20 years and older and 'upskilling' by seeking to enrol in a course at a higher level than your existing qualification
- Seeking to enrol in a Skill Set

There are further restrictions on the number of qualifications and skills sets you can undertake in a year, at a time or at a level, as well as a limit to one Free TAFE course per eligible student unless the Free TAFE courses you choose are part of the Free TAFE Priority Pathways initiative.

CONCESSION

You may be entitled to a concession on your tuition fees if you are in a government subsidised place and you meet the below criteria:

- Are enrolled in a certificate I to certificate IV course
- Hold a current and valid:
 - Health Care Card;
 - Pensioner Card; or
 - Veteran's Gold Card

A dependant spouse or child of a card holder is also entitled to the Fee Concession.

If your tuition fee concession application is successful, your concession fee will be charged at 20% of the government subsidised tuition rate for your program.

Aboriginal and Torres Strait Islander students in a government subsidised place will continue to be eligible to access concession at all program levels (including diploma, advanced diploma, vocational graduate certificate and vocational graduate diploma programs).

FULL FEE

If you are not eligible for government subsidised training you will pay the full fee listed on the respective course page.

To find out more about our eligibility requirements refer to kangan.edu.au/courses/fees or call 13 TAFE (8233)

ADDITIONAL FEES

In addition to the tuition fee you may be required to pay any applicable materials and consumables fees.

To find out more about our fees and charges refer to kangan.edu.au/courses/fees or call 13 TAFE (8233)

PATHWAYS TO UNIVERSITY

Getting started on your journey after finishing school can be tough. With so many choices, expenses and paths to follow it can be a challenge to work out what's right for you.

TAFE is the perfect transition between school and university. Our learning environment is different to a school environment, you have the opportunity to work directly with clients and take a more work-focused approach rather than just as a student.

Your ATAR score is no barrier to further study, you can gain a Kangan Institute qualification and still go to university too.

Starting your pathway at TAFE can reduce the time it would normally take to complete a degree at university. Many TAFE qualifications, such as advanced diploma, diploma and some certificate IV qualifications, provide credits towards a university undergraduate course. This means that you can gain credits towards completion of your chosen undergraduate course without studying similar units.

To find out more about our pathways, refer to kangan.edu.au/students/pathways-to-university

Kangan Institute has formalised pathways with the following universities:

- Deakin University
- Federation University
- La Trobe University
- Torrens University
- Victoria University

There are extra benefits of completing your studies at TAFE before you start university:

- Develop your knowledge with hands-on, industry specific learning.
- Work in your chosen field while studying.
- Start off in a supportive environment with small class sizes and one-on-one interaction with teachers.

PAYMENT OPTIONS

FLEXIBLE PAYMENT PLAN

Payment plans are available to anyone enrolling into a certificate I, II, III and IV course. Kangan Institute offers eligible students the option of paying their course fees over time by setting up either weekly or fortnightly instalment payments to cover their tuition, materials and consumables.

Find out more about our payment plan visit kangan.edu.au/courses/fees/financial-support

SCHOLARSHIPS AND GRANTS

At Kangan Institute, we believe in rewarding hard work and achievement. We offer a number of scholarships and grants to help pay for your course.

Find out more on what you can apply for at kangan.edu.au/study-with-us/prospective-students/scholarships

VET STUDENT LOANS

A student loan scheme is available for eligible students and courses to assist in the payment of tuition fees whilst studying at TAFE. These are called VET Student Loans and replaced the VET FEE-HELP scheme from 1 January 2017.

Loans are capped according to the course you are studying. These loans are income contingent and interest free and are repaid via the Australian Taxation Office when your income reaches a certain threshold. For 2022-2023 income year, the threshold is \$48,361. The loan will continue to be a debt to the government until it is repaid.

For further information visit studyassist.gov.au

You will still have to pay the materials and consumables fee (if studying a government subsidised course) and other non-tuition fees (if applicable) at the time of enrolment. To be eligible for a VET Student Loan, you must be an Australian citizen; holder of a permanent humanitarian visa who will be residing in Australia for the duration of study; or a qualifying New Zealand citizen.

VET Student Loans will not be granted to students who do not meet the above criteria.

APPRENTICESHIPS INCENTIVES PROGRAM

The Australian government has established the Australian Apprenticeships Incentives Program to encourage genuine opportunities for people to enter into skills based training through Australian Apprenticeships.

Apprentices may be eligible for a range of payments to assist them with the initial set up costs and completion of their apprenticeship.

For more information about the different incentives available to you, please refer to: australianapprenticeships.gov.au or your local Australian Apprenticeship Support Network provider.

SCHOOLS INFORMATION

Our schools engagement team provide schools with a single point of contact when dealing with us, to help you get the best value from our services.

Our resources and support for schools ensure that you and your students are well equipped with information about career paths and further study options.

The schools engagement team can assist your school to create career pathways for your students through:

SCHOOL VISITS

We can visit your school and talk to your students about our training programs via a presentation or at a careers expo. We are able to tailor presentations to focus on specific course areas if your students have a key area of interest.

CAMPUS TOURS

Our campus tours provide school groups with the opportunity to get a glimpse of campus life. These events give students an overview of what vocational and higher education is all about, and the chance to see our state-of-the-art facilities.

CAREER ADVISORS NEWSLETTER

Our regular newsletter for career advisors and practitioners will help you stay abreast of upcoming events, new and updated courses and other relevant information about our organisation.

FUTURE OPTIONS

Our Future Options events provide secondary school students with the opportunity to visit our facilities and gain an insight into vocational education through a series of interactive workshops.

COURSE GUIDE

We've designed our course guide as a helpful reference tool for you and your students. It provides an overview of the wide range of courses we offer, study pathways and possible career outcomes. This guide may be downloaded in PDF format from our website or you can order a printed course list online.

CAREER ADVISORS SEMINAR

Our annual career advisors seminar offers a professional development opportunity for career advisors to learn more about courses offered at Kangan Institute. This event has a strong education and employment pathway focus with our Industry partners, current students and teaching staff actively participating to reinforce the value of undertaking a VET qualification at Kangan Institute.

Find out more: kangan.edu.au/for-schools

APPRENTICESHIPS & TRAINEESHIPS

Apprenticeships and traineeships are customised training programs that are developed to meet evolving industry needs.

They are a great way to kick-start your career in a variety of industries and roles by combining your training and paid employment.

WHAT ARE APPRENTICESHIPS AND TRAINEESHIPS?

Apprenticeships and traineeships are a great option for anyone looking to get a job or take their career in a different direction. As a Kangan Institute apprentice or trainee you will receive a personalised training plan. We will provide you with the skills and technical knowledge specific to your workplace, trade or vocation. All our apprenticeship and traineeship programs incorporate learning that takes place in the workplace. As a Kangan Institute apprentice or trainee we can help you to kick-start your career with both on and off-the-job training. It's this blended approach to your learning that will help you to graduate with confidence, experience and ready for the workforce with real skills.

IS AN APPRENTICESHIP OR TRAINEESHIP RIGHT FOR ME?

If you are interested in working in a skilled trade such as building, hairdressing, automotive or electrical then an apprenticeship is for you. If you are interested in working in a vocational role such as office administration or information technology then a traineeship will get you started.

APPRENTICESHIP SUPPORT PROGRAM

Apprenticeship Support Officers (ASOs) are located across Victoria and offer a free and confidential support and advice service to registered apprentices and employers. They're part of a Victorian Government initiative to keep more apprentices in jobs and help more people complete their training.

For further information, please check the following: kangan.edu.au/courses/apprenticeships-and-traineeships/apprenticeship-support-program

To contact a Kangan Institute ASO, email: apprenticeshipsupportprogram@kangan.edu.au
For further information, please contact, 1300 311 820 or email: apprenticeship.support@edumail.vic.gov.au

WHY DO AN APPRENTICESHIP OR TRAINEESHIP?

There are many reasons to consider an apprenticeship or traineeship including:

- Start earning money while you study
- Train on-the-job, on-campus, or both
- Develop knowledge and skills from expert teachers with extensive industry experience
- Learn with the latest technology and tools in our well-equipped facilities
- Graduate with a nationally recognised qualification
- Access our Employment Centre after you graduate

HOW TO START AN APPRENTICESHIP OR TRAINEESHIP?

You can begin if you are at least 15 years of age or while you're still at school finishing Year 11 or 12. You don't need a secondary school certificate or other qualification to start an apprenticeship although this is highly regarded by most employers. As an apprentice you will earn an income while you learn your trade. You can study a variety of qualification levels in most occupations including hairdressing, commercial cookery, building and horticulture.

You can combine time at work with training, which can be either full-time, part-time or school-based. When you finish your apprenticeship, you will have a nationally recognised qualification that can take you anywhere in Australia and to many overseas countries as well.

STEPS TO BECOME AN APPRENTICE

STEP 1 PREPARATION AND RESEARCH

Figure out what trade you are interested in, do research on job opportunities and write or update your resume.

You can also speak to one of our friendly Skills and Job representatives on: 1300 100 606 who can advise on job opportunities or vocational training.

kangan.edu.au/study-with-us/skills-and-job-centre

STEP 2 JOB HUNTING

Start applying for jobs through networking with people you know, online or via Jobactive providers.

You can register with our Employment Centre to receive our weekly vacancy list and access other useful resources.

1300 484 335
kangan.edu.au/employment-centre

STEP 3 SIGN UP

Once you've found an employer, you both must contact Australian Apprenticeship Support Network (AASN). Select Kangan Institute as your preferred training provider to get started. If you are eligible for a Health Care Card, make sure you apply for one prior to enrolling so you are eligible for concession fees.

FOR APPRENTICES

Group Training Organisations (GTOs)

GTOs partner with a range of businesses and offer you expert advice and assistance to find you the right apprenticeship. GTOs can place you with the right business and also monitor your progress and support you as you need it. Find out more at naen.com.au

Australian Apprenticeship Support Network (AASN)

AASNs are contracted by the Government to support and facilitate the apprenticeship process for employers and individuals. AASNs can also help you with the recruitment process and provide mentoring and career advice. Visit australianapprenticeships.gov.au for more information or call them on 13 38 73.

Pre-apprenticeships

A pre-apprenticeship with Kangan Institute can get you in the fast lane and give you the skills and confidence to start your apprenticeship. Whether you are currently doing VCE Vocational Major or you've left school early, a pre-apprenticeship will get you on your way to working and further study in a specific industry. Pre-apprenticeships also combine literacy and numeracy skills units to give you extra support to get employed and into an apprenticeship.

FOR EMPLOYERS

Workplace delivery

To help your business grow, we work closely with you and your apprentices to develop training plans and deliver high quality training to improve staff satisfaction and productivity in your business. Led by our passionate and experienced teaching staff, our purpose-built training facilities create a real working environment for your apprentices.

Your apprentices learn the latest and most relevant skills from industry experts with extensive experience.

Why send your apprentice to us?

We know that a successful business is built on delivering exceptional levels of service to create lasting relationships with your clients.

OUR CAMPUSES

BROADMEADOWS

Pearcedale Parade

Study areas: Trades, Foundations, Business, IT, Community, English, Hospitality, Animals, Plants and Sciences.

Kangan Institute's largest campus is situated in the north west of Melbourne, in a culturally diverse neighbourhood. The campus offers a wide range of courses, support services and is home to our Indigenous Education Centre (IEC), where the Indigenous people of Australia can learn in a supported and caring environment.

Our fully-licensed training restaurant gives our hospitality students real work experience in a real restaurant while they study. Offering a modern and eclectic menu and an extensive wine list, Richards Restaurant is also host to various themed events and fundraising dinners throughout the year.

CREMORNE

85 Cremorne Street

Creative + Digital Skills

Study areas: Fashion, Hair, Barbering and Beauty, Security and Cyber Security.

This boutique campus located in the heart of Melbourne's fashion, creative and tech hub delivers innovative and relevant training.

With purpose built facilities for cyber security, refurbished spaces for our exciting creative courses, as well as a hair and beauty salon, that is open to the public, our students have access to real world experiences and industry leading products and equipment. Our Textile and Fashion Hub is an industry based training centre, providing a unique opportunity for students to test garment design against modern manufacturing standards which is equipped with the latest automated knitting machines.

DOCKLANDS

1 Batmans Hill Drive

Automotive Centre of Excellence (ACE) and ELICOS Centre.

Study areas: Automotive and English

Kangan Institute's Automotive Centre of Excellence is a purpose-built, state-of-the-art facility, providing simulated workshops and training in automotive, large vehicles, marine and outdoor equipment.

The Docklands campus also hosts Kangan Institute's ELICOS and International Services department. The ELICOS Centre is a leading facility that provides excellent English language training for international students, working holiday and tourist visa holders. In the midst of the hustle and bustle of central Melbourne, the Docklands campus is a great base to see and explore Melbourne.

ESSENDON

38 Buckley Street

Study areas: Health, Nursing, Pathology, Allied Health, Health Services Assistance and Individual Support.

Our newly refurbished Essendon Health Hub is located in the leafy surroundings of Melbourne's north.

Offering high quality teaching and specialist training with the latest equipment and technology our Health team also assist with opportunities for placements and employment support.

INDUSTRY CONNECTIONS

We work with some of the best industry brands to give our students access to practical work placements, the latest industry tools and real skills.

If you are considering a job in trades and are the sort of person that enjoys hands-on training, then studying a trades course at Kangan Institute is the best place to start.

As a trades student, you will learn in-demand skills across the industry, vastly improving your career prospects. With some experience, you can even start your own business. We offer a range of qualifications that can be delivered in your workplace. Most of our trades courses are offered with rolling enrolments, so you can start at any time.

You will learn from our world-class teaching faculty with extensive industry experience and connections. We are focused on getting you the skills to make you work-ready. With practical training, industry projects and work placements you gain real experience and skills employers are looking for.

Kangan Institute has established a vast network of industry partners and enjoys a strong reputation with employers.

Our TAFE courses are developed in line with industry requirements. You will acquire the most relevant and up-to-date skills and we will connect you to real jobs.

PATHWAYS TO YOUR CAREER

WORK HEALTH & SAFETY

Career opportunities:

- Site Supervisor
- Health and Safety Practitioner
- Health and Safety Supervisor
- Health and Safety Field Officer
- Work Health and Safety Coordinator

Course to get you there:

- Certificate IV in Work Health and Safety (BSB41419)

SECURITY

Career opportunities:

- Shopping Centre Security
- Construction Site/Industrial Security

Course to get you there:

- Certificate II in Security Operations (CPP20218)

Career opportunities:

- Armed Guard
- Cash in Transit
- Bodyguard

Course to get you there:

- Certificate III in Security Operations (CPP31318)

ENGINEERING

Career opportunities:

- Mechanical Engineer (Fitting and Machining)
- Heavy Metal Fabrication (Welding)
- Light Metal Fabrication (Welding)
- Tool Maker

Course to get you there:

- Certificate II in Engineering Studies (22470VIC)

Career opportunities:

- Engineering Tradesperson (Fabrication)
- Boilermaker/Welder
- Metal Finishing Technician
- Sheetmetal Worker

Course to get you there:

- Certificate III in Engineering (Fabrication) (MEM30319)

Career opportunities:

- Engineering Trades Person (Mechanical)
- Fitter and Turner
- Mechanical Fitter
- Metal Machinist

Course to get you there:

- Certificate III in Engineering (Mechanical) (MEM30219)

Career opportunities:

- Mechanical Engineering Supervisor
- Mechanical Engineering Draftsperson
- CAM Programmer
- Advanced Mechanical Maintenance Technician
- Mechanical Engineering Technician
- Fluid Power Systems Technician
- Pressure Welder
- Advanced Toolmaking Technician
- Advanced Fabrication Technician (Structural)

Course to get you there:

- Certificate IV in Engineering (MEM40119)

PLUMBING

Career opportunities:

- Plumbing Apprenticeship
- Plumber
- Plumber and Drainer
- Plumber and Gasfitter
- Gasfitter
- Roof Plumber

Courses to get you there:

- Certificate II in Plumbing (Pre-apprenticeship) (22569VIC)
- Certificate III in Plumbing (CPC32420)

BUILDING & CONSTRUCTION

Career opportunities:

- Carpenter
- Leading Hand
- Sub-foreman
- Foreman
- Project Manager

Courses to get you there:

- Certificate II in Building and Construction Pre-apprenticeship (22338VIC)
- Certificate III in Carpentry (CPC30220)

Career opportunities:

- Building Estimator
- Building Manager
- Building Contract Administrator
- Building Consultant
- Building Site Supervisor

Course to get you there:

- Certificate IV in Building and Construction (CPC40120)

Career opportunities:

- Registered Builder
- Project Manager
- Construction Manager
- Estimating Manager
- Sales Manager
- Building Site Supervisor
- Building Advisor

Courses to get you there:

- Diploma of Building and Construction (Building) (CPC50220)
- Diploma of Building and Construction (Management) (CPC50320)

ELECTRICAL

Career opportunities:

- Electrician
- Electrical Contracting Business Owner
- PLC Programmer

Courses to get you there:

- Certificate II in Electrotechnology (Pre-vocational) (22499VIC)
- Certificate III in Electrotechnology Electrician (UEE30820)

LOGISTICS

Career opportunities:

- Store person
- Forklift Operator
- Purchasing and Supply Logistics Clerk
- Logistics Coordinator
- Logistics Supervisor
- Warehouse Supervisor or Manager
- Supply Chain Specialist

Courses to get you there:

- Certificate III in Supply Chain Operations (TLI30321)

Major Tools Partner
for Kangan Institute's
Trades + Skills Centre

At Kangan Institute, we offer a range of qualifications that can be delivered in your workplace.

These courses are offered as a rolling enrolment, so you can start at any time.

For more information on how we can tailor these courses for you, call the Workplace Delivery Team on 1300 321 322.

CERTIFICATE III IN SOLID PLASTERING

COURSE CODE CPC31020

LOCATION

Workplace

DURATION

Flexible: 1 year

INTAKE

Direct entry / Rolling enrolments

This course is designed for those working in the construction trades as a renderer. Delivered on-site in a flexible way that suits your work, we will come to your worksite and assess you while you are working. The delivery is designed to fit in with a modern working environment including online content and workplace simulations..

PREREQUISITES

To be eligible for this course you must be currently working in the industry as a renderer, with a minimum 5 years' experience and access to a live worksite. You must also satisfy the prerequisite numeracy and literacy skills.

SELECTION PROCESS

An assessor will conduct a site visit and interview.

CAREER OPPORTUNITIES

Upon completion, you will be a qualified renderer allowing you to work nationally.

FURTHER STUDY OPPORTUNITIES

On successful completion of this course, you are eligible for entry into the Certificate IV in Building and Construction (Building) (CPC40120).

CORE UNITS	
Conduct workplace communication	CPCCOM1014
Carry out measurements and calculations	CPCCOM1015
Read and interpret plans and specifications	CPCCOM2001
Plan and organise work	CPCCOM1013
Work effectively and sustainably in the construction industry	CPCCOM1012
Erect and dismantle restricted height scaffolding	CPCCCM2008
Handle solid plastering materials	CPCCSP2001
Use solid plastering tools and equipment	CPCCSP2002
Prepare surfaces for plastering	CPCCSP2003
Apply float and render to straight and curved surfaces	CPCCSP3001
Apply set coats	CPCCSP3002
Apply trowelled texture coat finishes	CPCCSP3003
Restore and renovate solid plasterwork	CPCCSP3004
Apply basic levelling procedures	CPCCCM2006
Apply WHS requirements, policies and procedures in the construction industry	CPCCWHS2001

Information about elective units can be found online

CERTIFICATE III IN CARPENTRY

COURSE CODE CPC30220

LOCATION

Workplace

DURATION

Flexible: 1 year

INTAKE

Direct entry / Rolling enrolments

This course aims to provide extensive training for carpenters employed in the construction industry. You will be provided with practical and theoretical knowledge of the carpentry trade.

PREREQUISITES

To be eligible for this course you must be currently working in the industry as a carpenter, with a minimum 5 years' experience and have access to a live worksite. You must also satisfy the prerequisite numeracy and literacy skills.

SELECTION PROCESS

An assessor will conduct a site visit and interview.

CAREER OPPORTUNITIES

Upon completion, you will be a qualified carpenter allowing you to work nationally.

FURTHER STUDY OPPORTUNITIES

On successful completion of this course, you are eligible for entry into the Certificate IV in Building and Construction (Building) (CPC40120).

CORE UNITS	
Use carpentry tools and equipment	CPCCCA2002B
Handle carpentry materials	CPCCCA2011A
Carry out general demolition of minor building structures	CPCCCA3001A
Carry out setting out	CPCCCA3002A
Carry out levelling operations	CPCCCA3023A
Work effectively and sustainably in the construction industry	CPCCCM1012A
Plan and organise work	CPCCCM1013A
Conduct workplace communication	CPCCCM1014A
Carry out measurements and calculations	CPCCCM1015A
Read and interpret plans and specifications	CPCCCM2001A
Carry out excavation	CPCCCM2002A
Use explosive power tools	CPCCCM2007B
Erect and dismantle restricted height scaffolding	CPCCCM2008B
Work safely at heights	CPCCCM2010B
Carry out concreting to simple forms	CPCCCO2013A
Apply OHS requirements, policies and procedures in the construction industry	CPCCOHS2001A
Install flooring systems	CPCCCA3003A
Construct wall frames	CPCCCA3004A
Construct ceiling frames	CPCCCA3005B
Erect roof trusses	CPCCCA3006B
Construct pitched roofs	CPCCCA3007C
Construct eaves	CPCCCA3008B

Information about elective units can be found online

CERTIFICATE III IN WALL AND FLOOR TILING

COURSE CODE CPC31320

LOCATION

Workplace

DURATION

Flexible: 1 year

INTAKE

Direct entry / Rolling enrolments

This course is designed for those working in the construction trades as a tiler. Delivered on-site in a flexible way that suits your work, we will come to your worksite and assess you while you are working. The delivery is designed to fit in with a modern working environment including online content and workplace simulations.

PREREQUISITES

To be eligible for this course you need to be currently working in the industry as a tiler, with a minimum 5 years' experience and have access to a live worksite. You must also satisfy the prerequisite numeracy and literacy skills.

SELECTION PROCESS

An assessor will conduct a site visit and interview.

CAREER OPPORTUNITIES

Upon completion, you will be a qualified tiler allowing you to work nationally.

FURTHER STUDY OPPORTUNITIES

On successful completion of this course, you are eligible for entry into the Certificate IV in Building and Construction (Building) (CPC40120).

CORE UNITS	
Conduct workplace communication	CPCCOM1014
Carry out measurements and calculations	CPCCOM1015
Read and interpret plans and specifications	CPCCOM2001
Plan and organise work	CPCCOM1013
Work effectively and sustainably in the construction industry	CPCCOM1012
Handle wall and floor tiling materials	CPCCWF2001
Use wall and floor tiling tools and equipment	CPCCWF2002
Prepare surfaces for tiling application	CPCCWF3001
Install floor tiles	CPCCWF3002
Install wall tiles	CPCCWF3003
Repair wall and floor tiling	CPCCWF3004
Install decorative tiling	CPCCWF3005
Install mosaic tiling	CPCCWF3006
Tile curved surfaces	CPCCWF3007
Apply waterproofing for wall and floor tiling	CPCCWF3009
Apply basic levelling procedures	CPCCCM2006
Apply WHS requirements, policies and procedures in the construction industry	CPCCWHS2001

Information about elective units can be found online

CERTIFICATE III IN BRICKLAYING/BLOCKLAYING

COURSE CODE CPC33020

LOCATION

Workplace

DURATION

Flexible: 1 year

INTAKE

Direct entry / Rolling enrolments

This course is designed for those working in the construction trades as a bricklayer.

Delivered on-site in a flexible way that suits your work, we will come to your worksite and assess you while you are working. The delivery is designed to fit in with a modern working environment including online content and workplace simulations.

PREREQUISITES

You need to be currently working in the industry as a bricklayer, with a minimum 5 years' experience and have access to a live worksite. You must also satisfy the prerequisite numeracy and literacy skills.

SELECTION PROCESS

An assessor will conduct a site visit and interview.

CAREER OPPORTUNITIES

Upon completion, you will be a qualified bricklayer allowing you to work nationally.

FURTHER STUDY OPPORTUNITIES

On successful completion of this course, you are eligible for entry into the Certificate IV in Building and Construction (Building) (CPC40120).

CORE UNITS	
Conduct workplace communication	CPCCOM1014
Carry out setting out	CPCCCA3002
Carry out measurements and calculations	CPCCOM1015
Read and interpret plans and specifications	CPCCOM2001
Plan and organise work	CPCCOM1013
Work effectively and sustainably in the construction industry	CPCCOM1012
Handle and prepare bricklaying and blocklaying materials	CPCCBL2001
Use bricklaying and blocklaying tools and equipment	CPCCBL2002
Carry out masonry veneer construction	CPCCBL3002
Carry out cavity brick construction	CPCCBL3003
Lay masonry walls and corners	CPCCBL3005
Lay multi-thickness walls and piers	CPCCBL3006
Install flashings and damp proof course	CPCCBL3009
Construct masonry arches	CPCCBL3010
Construct curved walls	CPCCBL3011
Construct masonry structural systems	CPCCBL3013
Erect and dismantle restricted height scaffolding	CPCCCM2008
Work safely at heights	CPCCCM2012
Apply basic levelling procedures	CPCCCM2006
Apply WHS requirements, policies and procedures in the construction industry	CPCCWHS2001

Information about elective units can be found online

CERTIFICATE III IN CONCRETING

COURSE CODE CPC30320

LOCATION

Workplace

DURATION

Flexible: 1 year

INTAKE

Direct entry / Rolling enrolments

This course is designed for those working in the construction trades as a concreter.

Delivered on-site in a flexible way that suits your work, we will come to your worksite and assess you while you are working.

The delivery is designed to fit in with a modern working environment including online content and workplace simulations.

PREREQUISITES

To be eligible for this course you must be currently working in the industry as a concreter, with a minimum 5 years' experience and have access to a live worksite. You must also satisfy the prerequisite numeracy and literacy skills.

SELECTION PROCESS

An assessor will conduct a site visit and interview.

CAREER OPPORTUNITIES

Upon completion, you will be a qualified concreter allowing you to work nationally.

FURTHER STUDY OPPORTUNITIES

On successful completion of this course, you are eligible for entry into the Certificate IV in Building and Construction (Building) (CPC40120).

CORE UNITS	
Conduct workplace communication	CPCCOM1014
Determine concrete supply requirements	CPCCON3035
Carry out setting out	CPCCCA3002
Carry out hand excavation	CPCCCM2002
Carry out measurements and calculations	CPCCOM1015
Place concrete	CPCCON3041
Erect and dismantle formwork for footings and slabs on ground	CPCCCA3028
Read and interpret plans and specifications	CPCCOM2001
Handle concreting materials and components	CPCCON2021
Plan and organise work	CPCCOM1013
Cure concrete	CPCCON3043
Select, use and maintain concreting plant, tools and equipment	CPCCON2022
Work effectively and sustainably in the construction industry	CPCCOM1012
Finish concrete	CPCCON3042
Apply basic levelling procedures	CPCCCM2006
Place and fix reinforcement materials	CPCCSF2004
Apply WHS requirements, policies and procedures in the construction industry	CPCCWHS2001

CERTIFICATE III IN CONSTRUCTION WATERPROOFING

COURSE CODE CPC31420

LOCATION

Workplace

DURATION

Flexible: 1 year

INTAKE

Direct entry / Rolling enrolments

This course is designed for those working in the construction industry as a waterproofer.

Delivered on-site in a flexible way that suits your work, we come to your worksite and assess you while you work. The delivery is designed to fit in with a modern working environment including online content and workplace simulations.

PREREQUISITES

To be eligible for this course you must be currently working in the industry as a waterproofer, with a minimum 5 years' experience and have access to a live worksite. You must also satisfy the prerequisite numeracy and literacy skills.

SELECTION PROCESS

An assessor will conduct a site visit and interview.

CAREER OPPORTUNITIES

This course may lead to employment in the construction industry as a waterproofer, it can also be used as an additional qualification for those in the construction industry carrying out associated waterproofing works.

FURTHER STUDY OPPORTUNITIES

On successful completion of this course, you are eligible for entry into the Certificate IV in Building and Construction (Building) (CPC40120).

CORE UNITS	
Conduct workplace communication	CPCCOM1014
Carry out measurements and calculations	CPCCOM1015
Read and interpret plans and specifications	CPCCOM2001
Plan and organise work	CPCCOM1013
Work effectively and sustainably in the construction industry	CPCCOM1012
Handle waterproofing materials and components	CPCCWP2001
Use waterproofing tools and equipment	CPCCWP2002
Prepare surfaces for waterproofing application	CPCCWP2004
Apply waterproofing system to below ground level wet areas	CPCCWP3001
Apply waterproofing process to external above-ground wet areas	CPCCWP3003
Apply waterproofing remedial processes	CPCCWP3004
Assess construction waterproofing processes	CPCCWP3005
Apply waterproofing process to internal wet areas	CPCCWP3002
Apply WHS	CPCCWHS2001

CERTIFICATE IV IN WORK HEALTH AND SAFETY

COURSE CODE BSB41419

LOCATION

Essendon

DURATION

Part-time: 1 year

INTAKE

Direct entry / Rolling enrolments

This program is the new entry level qualification for Occupational Health and Safety (OHS) Coordinators or Supervisors with a major workload in OHS and people working in a Work Health and Safety (WHS) role.

PREREQUISITES

There are no set prerequisites for this course however it is recommended that you have satisfactory language, literacy and numeracy skills to undertake this course.

SELECTION PROCESS

Applicants are required to attend an information session, undertake a language, literacy and numeracy (LLN) assessment and complete a pre-training review.

CAREER OPPORTUNITIES

Graduates may apply for entry level employment as Work Health and Safety (WHS) Practitioners.

FURTHER STUDY OPTIONS

This course may lead to courses in:

- Diploma of Leadership and Management (BSB50420)
- Diploma of Human Resource Management (BSB50320)
- Diploma of Work Health and Safety (BSB51319).

CORE UNITS	
Assist with workplace compliance with WHS laws	BSBWHS412
Contribute to implementation and maintenance of WHS consultation and participation processes	BSBWHS413
Contribute to WHS risk management	BSBWHS414
Contribute to implementing WHS management systems	BSBWHS415
Contribute to workplace incident response	BSBWHS416

Information about elective units can be found online

CERTIFICATE II IN SECURITY OPERATIONS

COURSE CODE CPP20218

LOCATION

Broadmeadows

DURATION

Full-time: 21 days

INTAKE

Direct entry / Rolling enrolments

This course is designed for those who wish to work as licensed unarmed guards and crowd controllers. There are many employment opportunities for people with these qualifications and license (issued by regulators at their discretion).

PREREQUISITES

You need to have satisfactory language, literacy and numeracy skills and be at least 18 years old when you apply. You must have sufficient mobility to kneel and conduct CPR for the first aid assessment as well as be physically fit enough to be able to lift cabin size baggage to at least waist height and have no recorded conviction of a disqualifying offence.[^]

SELECTION PROCESS

Applicants are required to undertake a language, literacy and numeracy (LLN) assessment.

CAREER OPPORTUNITIES

Employment opportunities within the security industry are wide-ranging and quite varied.

This course may lead to employment as a:

- Security Officer (Control Room)
- Security Officer (Mobile Patrol, Crowd Control Unarmed Guard)
- Security Officer Static Guard, Concierge (with dog), Special Events
- Security Screener

FURTHER STUDY OPPORTUNITIES

Graduates of this course can apply to study the Certificate III in Security Operations (CPP31318), once they have been issued a Private Security Licence from Victoria Police.

CORE UNITS	
Provide First Aid	HLTAID011
Apply effective communication skills to maintain security	CPPSEC2101
Apply legal and procedural requirements to work effectively within a security team	CPPSEC2102
Apply WHS, emergency response and evacuation procedures to maintain security	CPPSEC2103
Apply risk assessment to select and carry out response to security risk situations	CPPSEC2104
Provide quality services to a range of security clients	CPPSEC2105
Protect self and others using basic defensive techniques	CPPSEC2106
Patrol premises to monitor property and maintain security	CPPSEC2107
Screen people, personal effects and items to maintain security	CPPSEC2108
Monitor and control access and exit of persons and vehicles from premises	CPPSEC2109
Monitor and control individual and crowd behaviour to maintain security	CPPSEC2110
Apply security procedures to manage intoxicated persons	CPPSEC2111
Apply security procedures to remove persons from premises	CPPSEC2112
Escort and protect persons and valuables	CPPSEC2113

CERTIFICATE III IN SECURITY OPERATIONS

COURSE CODE CPP31318

LOCATION

Broadmeadows

DURATION

Full-time: 23 days

INTAKE

Direct entry / Rolling enrolments

This course is designed for those who may be interested in working as an armed guard/cash in transit or for crowd controllers who wish to improve their defensive tactics.

PREREQUISITES

You need to have satisfactory language, literacy and numeracy skills and be at least 18 years old when you apply. You must have completed the Certificate II in Security Operations and hold a Private Security Licence issued by Victoria Police.

SELECTION PROCESS

You will need to undertake a language, literacy and numeracy (LLN) assessment.

CAREER OPPORTUNITIES

This course may lead to employment as an:

- Armed guard
- Cash in transit officer
- Employment by companies who require persons to carry batons and handcuffs
- Control room operator

FURTHER STUDY OPPORTUNITIES

This course may lead to higher level studies in security operations.

CORE UNITS	
Contribute to team effectiveness	BSBFLM312
Manage conflict and security risks through negotiation	CPPSEC3101
Maintain operational safety and security of work environment	CPPSEC3102
Determine and implement response to security risk situation	CPPSEC3103
Coordinate monitoring and control of individual and crowd behaviour	CPPSEC3104
Coordinate provision of quality security services to clients	CPPSEC3105
Gather, organise and present security information and documentation	CPPSEC3106
Maintain work health and safety	HLTWHS003

Information about elective units can be found online

CERTIFICATE II IN ENGINEERING STUDIES

COURSE CODE 22470VIC

LOCATION

Broadmeadows

DURATION

Full-time: 15 weeks
Flexible: 6 months

INTAKE

Direct entry / Rolling enrolments

This course is designed for those wishing to enter the engineering industry. It can be considered a pre-apprenticeship/pre-vocational course for employment in the engineering industry.

You will gain hands-on practical experience, work skills and a broad understanding of engineering competencies to assist you in selecting your desired engineering career path.

PREREQUISITES

There are no set prerequisites however you will need to have satisfactory literacy and numeracy skills.

SELECTION PROCESS

You will need to complete a language, literacy and numeracy (LLN) assessment.

CAREER OPPORTUNITIES

This course is designed to provide you with a broad knowledge and skills in relation to the engineering field. It may lead to employment as an apprentice in the Engineering fields of fabrication, welding, machining or maintenance fitting.

FURTHER STUDY OPPORTUNITIES

This course is designed to provide you with a pathway into an Engineering apprenticeship qualification such as the Certificate III in Engineering.

CORE UNITS

Report on a range of sectors in the manufacturing, engineering and related industries	VU22329
Select and interpret drawings and prepare three dimensional (3D) sketches and drawings	VU22330
Perform basic machining processes	VU22331
Apply basic fabrication techniques	VU22332
Apply principles of occupational health and safety in the work environment	MEM13014A
Use hand tools	MEM18001C
Undertake a basic engineering project	MEMPE006A

Information about elective units can be found online

FREE TAFE COURSE*

CERTIFICATE III IN ENGINEERING – MECHANICAL TRADE

COURSE CODE MEM30219

LOCATION

Broadmeadows

DURATION

Apprenticeship 4 years (combined full-time work and study)

INTAKE

Direct entry / Australian Apprenticeship Support Network (AASN)
Rolling enrolments

You will gain hands-on practical experience and a broad understanding of engineering competencies.

PREREQUISITES

You need to have satisfactory literacy and numeracy skills and be at least 16 years old when you apply. To start an apprenticeship, you need to find a job as an apprentice.

SELECTION PROCESS

AASN registration

CAREER OPPORTUNITIES

This course may lead to employment as a:

- Fitter/Machinist
- Maintenance Fitter
- Toolmaker

As a tradesperson you will generally be involved in the manufacture, design, installation and overhaul of mechanical plant and components.

FURTHER STUDY OPPORTUNITIES

You may continue on to further specialist studies or higher level studies, such as the certificate IV, diploma, advanced diploma or professional engineering qualifications at university.

CORE UNITS

Interpret technical drawing	MEM09002
Undertake manual handling	MEM11011
Perform engineering measurements	MEM12023
Perform computations	MEM12024
Work safely and effectively in manufacturing and engineering	MEM13015
Plan work activities	MEM14006
Organise and communicate information	MEM16006
Interact with computing technology	MEM16008
Assist in the provision of on-the-job training	MEM17003
Use hand tools	MEM18001
Use power tools/hand held operations	MEM18002
Participate in environmentally sustainable work practices	MSMENV272

Information about elective units can be found online

CERTIFICATE III IN ENGINEERING – FABRICATION TRADE

COURSE CODE MEM30319

LOCATION

Broadmeadows

DURATION

Apprenticeship: 4 years
(Combined full-time work and study)

INTAKE

Australian Apprenticeship Support Network (AASN) / Rolling enrolments

This is an Australian Apprenticeship course, combining paid work with training. This course includes the theory components in structural fabrication, sheet metal working or boiler making to begin your career as a fabrication tradesperson. Mature age people can also apply for apprenticeships.

PREREQUISITES

You need to have satisfactory literacy and numeracy skills and be at least 16 years old when you apply. To start an apprenticeship, you need to find a job as an apprentice and sign a training contract with your employer.

SELECTION PROCESS

AASN registration

CAREER OPPORTUNITIES

This course may lead to employment as a:

- Welding Technician
- Sheet Metal Worker
- Boilermaker
- Structural Steel Fabricator

FURTHER STUDY OPPORTUNITIES

You may continue on to further specialist studies or higher level studies, such as the certificate IV, diploma, advanced diploma or professional engineering qualifications at university.

CORE UNITS

Interpret technical drawing	MEM09002
Undertake manual handling	MEM11011
Perform engineering measurements	MEM12023
Perform computations	MEM12024
Work safely and effectively in manufacturing and engineering	MEM13015
Plan work activities	MEM14006
Organise and communicate information	MEM16006
Interact with computing technology	MEM16008
Assist in the provision of on-the-job training	MEM17003
Use hand tools	MEM18001
Use power tools/hand held operations	MEM18002
Participate in environmentally sustainable work practices	MSMENV272

Information about elective units can be found online

CERTIFICATE IV IN ENGINEERING

COURSE CODE MEM40119

LOCATION

Broadmeadows

DURATION

Full-time (day): 2 years

Part-time: 4 years

Flexible: 4 years

INTAKE

Direct entry / Australian Apprenticeship

Support Network (AASN)

Rolling enrolments

This course is a continuation of a trade course at a higher level. The course will cover higher level post-trade skills such as computer-controlled machining or advanced welding, fluid power and AutoCAD.

PREREQUISITES

You need to have satisfactory literacy and numeracy skills and be at least 16 years old when you apply.

SELECTION PROCESS

You will need to attend an interview and undertake a language, literacy and numeracy (LLN) assessment.

CAREER OPPORTUNITIES

The advanced skills gained in this course will mean advanced trade qualifications leading to better career development possibilities in the relevant trade.

FURTHER STUDY OPPORTUNITIES

The course can provide a pathway into the diploma, advanced diploma at TAFE or professional engineering qualifications at university. From here your career can take off in any number of directions.

CORE UNITS

Perform engineering measurements	MEM12023
Perform computations	MEM12024
Work safely and effectively in manufacturing and engineering	MEM13015
Plan work activities	MEM14006
Organise and communicate information	MEM16006
Interact with computing technology	MEM16008
Assist in the provision of on-the-job training	MEM17003
Use hand tools	MEM18001
Use power tools/hand held operations	MEM18002
Participate in environmentally sustainable work practices	MSMENV272

CERTIFICATE II IN PLUMBING (PRE-APPRENTICESHIP)

COURSE CODE 22569VIC

LOCATION

Broadmeadows

DURATION

Full-time: 14 weeks

INTAKE

Direct entry

This course will prepare you for an apprenticeship in plumbing. It introduces students to all areas of the plumbing industry: water, gas, sanitary, drainage, mechanical services (heating/cooling) and roofing. You may also have the opportunity to undertake some work experience, which will give you the opportunity to observe how tasks are undertaken in the workplace.

PREREQUISITES

There are no set prerequisites, however you will need to have satisfactory literacy and numeracy skills.

SELECTION PROCESS

You will need to attend an interview and undertake a language, literacy and numeracy (LLN) assessment.

CAREER OPPORTUNITIES

This course will prepare graduates with the skills and knowledge for entry into a plumbing apprenticeship.

FURTHER STUDY OPPORTUNITIES

Once you have completed this course you will have the skills to apply for an apprenticeship, such as a Certificate III in Plumbing (CPC32420).

CORE UNITS	
Write simple documents	BSBWRT301
Carry out measurements and calculations	CPCCCM1015A
Read and interpret plans and specifications	CPCCCM2001A
Work safely in the construction industry	CPCCOHS1001A
Apply OHS requirements, policies and procedures in the construction industry	CPCCOHS2001A
Carry out interactive workplace communication	CPCPCM2039A
Produce technical drawings	CUVACD303A
Provide basic emergency life support	HLTAID002
Apply basic sheet metal practices	VU21789
Cut and penetrate building materials and structures	VU21790
Fabricate simple plumbing pipe systems	VU21791
Identify career pathways in the plumbing industry	VU21792
Perform basic oxy-acetylene welding and cutting	VU21793
Prepare to work in the plumbing industry	VU21794
Use and apply basic levelling equipment for plumbing	VU21795
Use basic electric welding equipment and techniques	VU21796
Use basic plumbing hand tools	VU21797
Use basic power tools	VU21798
Use plumbing pipes, fittings and fixtures to simulate plumbing installations	VU21799

CERTIFICATE III IN PLUMBING

COURSE CODE CPC32420

LOCATION

Broadmeadows

DURATION

Part-time: 4 years

INTAKE

Australian Apprenticeship Support Network (AASN) / Rolling enrolments

This trade-level qualification for apprentices will teach you plumbing skills focused on installation practices for both commercial and domestic buildings. You will learn about sanitary (waste disposal), drainage (below ground), mechanical services, gas fitting, roof plumbing and water supply.

PREREQUISITES

Employed as an apprentice, under a training agreement.

SELECTION PROCESS

AASN registration

CAREER OPPORTUNITIES

This course may lead to employment as a registered plumber.

FURTHER STUDY OPPORTUNITIES

This course can provide a pathway into the Certificate IV in Plumbing and Services (CPC40920) at a TAFE.

CORE UNITS	
Work safely at heights	CPCPCM2012
Carry out workplace communication	CPCPCM2039
Read plans, calculate quantities and mark out materials	CPCPCM2040
Work effectively in the plumbing services sector	CPCPCM2041
Carry out WHS requirements	CPCPCM2043
Handle and store materials	CPCPCM2045
Use plumbing hand tools	CPCPCM2046
Carry out levelling	CPCPCM2047
Cut and join sheet metal	CPCPCM2048
Carry out simple concreting and rendering	CPCPCM2054
Work safely on roofs	CPCPCM2055
Flash penetrations through roofs and walls	CPCPCM3021
Weld polymer pipes using fusion method	CPCPCM3022
Fabricate and install non-ferrous pressure piping	CPCPCM3023
Prepare simple drawings	CPCPCM3024
Install trench support	CPCPCM3025
Locate and clear blockages	CPCPDR2021
Install storm water and sub-soil drainage systems and drain	CPCPDR2025
Install prefabricated inspection openings and inspection chambers	CPCPDR2026
Plan layout and install below ground sanitary drainage systems	CPCPDR3021
Install on-site domestic wastewater treatment plants and disposal systems	CPCPDR3023
Fabricate and install fire hydrant and hose reel systems	CPCPFS3031
Install gas pressure control equipment	CPCPGS3048
Install gas appliance flues	CPCPGS3049
Purge consumer piping	CPCPGS3051
Disconnect and reconnect Type A gas appliances	CPCPGS3053
Calculate and install natural ventilation for Type A gas appliances	CPCPGS3054
Size and install consumer gas piping systems	CPCPGS3056
Install LPG storage of aggregate storage capacity up to 500 litres	CPCPGS3059
Install and commission Type A gas appliances	CPCPGS3061
Collect and store roof water	CPCPRF2023
Fabricate and install roof drainage systems	CPCPRF3022
Fabricate and install external flashings	CPCPRF3023
Install roof components	CPCPRF3024
Plan the layout of a residential sanitary plumbing system and fabricate and install sanitary stacks	CPCPSN3011
Install discharge pipes	CPCPSN3022
Connect and install storage tanks to a domestic water supply	CPCPWT3020
Set out and install water services	CPCPWT3021
Install and commission water heating systems and adjust controls and devices	CPCPWT3022
Install water pumpsets	CPCPWT3025
Install and fit off sanitary fixtures, water services and adjust water service controls	CPCPWT3026
Install backflow prevention devices	CPCPWT3027
Provide First Aid	HLTAID011

Information about elective units can be found online

CERTIFICATE II IN BUILDING AND CONSTRUCTION PRE-APPRENTICESHIP

COURSE CODE 22338VIC

LOCATION

Broadmeadows

DURATION

Full-time: 13 weeks

INTAKE

Direct entry / Rolling enrolments

This course is designed for people wanting to enter the building and construction industry to become apprentice carpenters. You will be provided with a basic carpenter's tool belt and learn the knowledge and practical skills needed to work in the industry.

PREREQUISITES

You need to have satisfactory literacy and numeracy skills and be at least 15 years old when you apply. You may also apply if you have satisfactorily completed VCE or an approved equivalent course.

SELECTION PROCESS

You will need to attend an interview and undertake a language, literacy and numeracy (LLN) assessment.

CAREER OPPORTUNITIES

This course may lead to employment as an:

- Apprentice in the building trades
- Laborer
- Trades Assistant

FURTHER STUDY OPPORTUNITIES

On successful completion of the course, you will be ideally placed to enter into a training agreement with an employer for an apprenticeship Certificate III in Carpentry (CPC30220).

CORE UNITS

Work effectively and sustainably in the construction industry	CPCCCM1012A
Conduct workplace communication	CPCCCM1014A
Carry out measurements and calculations	CPCCCM1015A
Apply basic levelling procedures	CPCCCM2006
Apply OHS requirements, policies and procedures in the construction industry	CPCCOHS2001A
Prepare to work safely in the construction industry	CPCCWHS1001
Provide basic emergency life support	HLTAID002
Prepare for work in the building and construction industry	VU22014
Interpret and apply basic plans and drawings	VU22015
Erect and safely use working platforms	VU22016

Information about elective units can be found online

FREE TAFE COURSE*

Find out more on page 6

CERTIFICATE III IN CARPENTRY

COURSE CODE CPC30220

LOCATION

Broadmeadows

DURATION

Part-time: 3 years
Full-time: 3 years

INTAKE

Direct entry for workplace delivery
Australian Apprenticeship Support Network (AASN) / Rolling enrolments

This course aims to provide extensive training for carpentry apprentices employed in the construction industry. You will be provided with practical and theoretical knowledge of the carpentry trade.

PREREQUISITES

You will need to be employed as an apprentice, under a training agreement.

SELECTION PROCESS

AASN registration

CAREER OPPORTUNITIES

This course can lead to employment as a:

- Carpenter
- Leading Hand
- Sub-foreman
- Foreman
- Project Manager

FURTHER STUDY OPPORTUNITIES

On successful completion of this course, you are eligible for entry into the Certificate IV in Building and Construction (Building) (CPC40120).

CORE UNITS

Use carpentry tools and equipment	CPCCCA2002B
Handle carpentry materials	CPCCCA2011A
Carry out general demolition of minor building structures	CPCCCA3001A
Carry out setting out	CPCCCA3002A
Carry out levelling operations	CPCCCA3023A
Work effectively and sustainably in the construction industry	CPCCCM1012A
Plan and organise work	CPCCCM1013A
Conduct workplace communication	CPCCCM1014A
Carry out measurements and calculations	CPCCCM1015A
Read and interpret plans and specifications	CPCCCM2001A
Carry out excavation	CPCCCM2002A
Use explosive power tools	CPCCCM2007B
Erect and dismantle restricted height scaffolding	CPCCCM2008B
Work safely at heights	CPCCCM2010B
Carry out concreting to simple forms	CPCCCO2013A
Apply OHS requirements, policies and procedures in the construction industry	CPCCOHS2001A
Install flooring systems	CPCCCA3003A
Construct wall frames	CPCCCA3004A
Construct ceiling frames	CPCCCA3005B
Erect roof trusses	CPCCCA3006B
Construct pitched roofs	CPCCCA3007C
Construct eaves	CPCCCA3008B

Information about elective units can be found online

CERTIFICATE IV IN BUILDING AND CONSTRUCTION (BUILDING)

COURSE CODE CPC40120

LOCATION

Broadmeadows

DURATION

Part-time: 1 year

INTAKE

Direct entry / Rolling enrolments

This course aims to meet the needs of builders and managers of small to medium sized building businesses. This course is designed to assist applications for registration with the Victorian Building Authority however, completion of this course does not guarantee registration.

PREREQUISITES

You will need to have satisfactory literacy and numeracy skills or be of mature age with practical building industry experience.

SELECTION PROCESS

You will need to attend an interview and undertake a language, literacy and numeracy (LLN) assessment.

CAREER OPPORTUNITIES

This course may lead to employment as a:

- Building Estimator
- Building Advisor
- Building Manager
- Building Contract Administrator
- Building Consultant
- Building Site Supervisor

FURTHER STUDY OPPORTUNITIES

On successful completion of this course you may be eligible for entry to the Diploma of Building and Construction (Building) (CPC50220).

CORE UNITS

Manage small business finances	BSBSMB406A
Apply building codes and standards to the construction process for low rise building projects	CPCCBC4001A
Manage occupational health and safety in the building and construction workplace	CPCCBC4002A
Select and prepare a construction contract	CPCCBC4003A
Identify and produce estimated costs for building and construction projects	CPCCBC4004A
Produce labour and material schedules for ordering	CPCCBC4005A
Select, procure and store construction materials for low rise projects	CPCCBC4006B
Plan building or construction work	CPCCBC4007A
Conduct on-site supervision of building and construction projects	CPCCBC4008B
Apply legal requirements to building and construction projects	CPCCBC4009B
Apply structural principles to residential low rise constructions	CPCCBC4010B
Apply structural principles to commercial low rise constructions	CPCCBC4011B
Read and interpret plans and specifications	CPCCBC4012B

Information about elective units can be found online

FREE TAFE COURSE*

Find out more on page 6

DIPLOMA OF BUILDING AND CONSTRUCTION (BUILDING)

COURSE CODE CPC50220

LOCATION

Broadmeadows

DURATION

Part-time: 18 months

INTAKE

Direct entry / Rolling enrolments

This course will assist you in developing the specialist skills in many different roles in the building industry.

PREREQUISITES

To be eligible, you must have successfully completed year 12 (or the equivalent) or be of mature age, and possess sufficient literacy, numeracy and visual interpretation skills.

SELECTION PROCESS

You will need to attend an interview and undertake a language, literacy and numeracy (LLN) assessment.

CAREER OPPORTUNITIES

This course may lead to employment as a:

- Building Estimator
- Building Advisor
- Building (Manager)
- Building Contract Administrator
- OHS Safety Officer
- Building Consultant
- Registered Builder Domestic/Commercial

FURTHER STUDY OPPORTUNITIES

You may continue on with full-time study in the advanced diploma areas of Building Design.

CORE UNITS

Lead WHS risk management	BSBWHS513
Apply building codes and standards to the construction process for Class 1 and 10 buildings	CPCCBC4001
Select, prepare and administer a construction contract	CPCCBC4003
Identify and produce estimated costs for building and construction projects	CPCCBC4004
Produce labour and material schedules for ordering	CPCCBC4005
Supervise site communication and administration processes for building and construction projects	CPCCBC4008
Apply legal requirements to building and construction projects	CPCCBC4009
Apply structural principles to residential and commercial constructions	CPCCBC4010
Read and interpret plans and specifications	CPCCBC4012
Prepare and evaluate tender documentation	CPCCBC4013
Prepare simple building sketches and drawings	CPCCBC4014
Apply site surveys and set-out procedures to building and construction projects	CPCCBC4018
Apply building codes and standards to the construction process for Class 2 to 9 Type C buildings	CPCCBC4053
Apply building codes and standards to the construction process for Type B construction	CPCCBC5001
Monitor costing systems on complex building and construction projects	CPCCBC5002
Supervise the planning of on-site building and construction work	CPCCBC5003
Select and manage building and construction contractors	CPCCBC5005
Administer the legal obligations of a building and construction contractor	CPCCBC5007
Manage construction work	CPCCBC5010
Manage environmental management practices and processes in building and construction	CPCCBC5011
Manage professional technical and legal reports on building and construction projects	CPCCBC5013
Apply structural principles to the construction of buildings up to three storeys	CPCCBC5018
Manage building and construction business finances	CPCCBC5019
Manage business risk	BSBOPS504

Information about elective units can be found online

DIPLOMA OF BUILDING AND CONSTRUCTION (MANAGEMENT)

COURSE CODE CPC50320

LOCATION

Broadmeadows

DURATION

Part-time: 1 year

INTAKE

Direct entry / Rolling enrolments

This course is designed to meet the needs as a senior manager and develop your specialist skills to work in a management position in the construction industry.

PREREQUISITES

There are no set prerequisites for this course. However it is recommended that you have satisfactory numeracy and literacy skills to undertake or are mature age and have sufficient work experience to successfully undertake this course.

SELECTION PROCESS

You will need to attend an interview to assess your suitability.

CAREER OPPORTUNITIES

This course may lead to employment as a:

- Project Manager
- Construction Manager
- Estimating Manager
- Sales Manager
- Building Site Supervisor
- Building Advisor
- Building Contract Administrator
- Registered Builder Domestic/Commercial

FURTHER STUDY OPPORTUNITIES

Graduates can earn credits towards a degree and guaranteed entry in to a leading Australian university.

CORE UNITS

Manage project risk	BSBPMG536
Lead WHS risk management	BSBWHS513
Apply building codes and standards to the construction process for Class 1 and 10 buildings	CPCCBC4001
Apply building codes and standards to the construction process for Class 2 to 9 Type C buildings	CPCCBC4053
Monitor costing systems on complex building and construction projects	CPCCBC5002
Select and manage building and construction contractors	CPCCBC5005
Administer the legal obligations of a building and construction contractor	CPCCBC5007
Manage building and construction business finances	CPCCBC5019

Information about elective units can be found online

CERTIFICATE II IN ELECTROTECHNOLOGY (PRE-VOCATIONAL)

COURSE CODE 22499VIC

LOCATION

Broadmeadows

DURATION

Full-time: 12 weeks

INTAKE

Direct entry / Rolling enrolments

This course provides an introduction to working in the electrical or sustainable energy industry. You will learn the practical skills and the basics of electrical theory and maths to help you gain an apprenticeship as an electrician.

PREREQUISITES

You need to have satisfactory literacy and numeracy skills.

SELECTION PROCESS

You will need to attend an interview and undertake a language, literacy and numeracy (LLN) assessment.

CAREER OPPORTUNITIES

On completion of this course you may seek employment in the electrical field. Employers regularly contact Kangan Institute seeking successful pre-apprentices to fill apprenticeship roles within their organisations.

FURTHER STUDY OPPORTUNITIES

Apprenticeship, Certificate III in Electrotechnology (UEE30811).

CORE UNITS

Apply occupational health and safety regulations codes and practices in the workplace	UEENEEE101A
Carry out basic electrotechnology project	VU22672
Carry out basic network cabling for extra low voltage (ELV) equipment and devices	VU22673
Establish the basic operating conditions of air conditioning systems	UEENEEJ104A
Fabricate assemble and dismantle utilities industry components	UEENEEE102A
Fix and secure electrotechnology equipment	UEENEEE105A
Install a sustainable extra low voltage energy power system	VU21544
Perform intermediate engineering computations	VU22333
Prepare to work safely in the construction industry	CPCCWHS100
Provide an overview of the electrotechnology industry	VU22670
Provide first aid	HLTAID003
Solve problems in ELV single path circuits	UEENEEE103A
Use test instruments in the electrotechnology industry	VU22671

Information about elective units can be found online

FREE TAFE COURSE*

CERTIFICATE III IN ELECTROTECHNOLOGY ELECTRICIAN

COURSE CODE UEE30820

LOCATION

Broadmeadows

DURATION

Part-time: 4 years

INTAKE

Australian Apprenticeship Support Network (AASN) / Rolling enrolments

This apprenticeship course provides competencies to select, install, set up, test, fault find, repair and maintain electrical systems and equipment in buildings and premises. On completion, further assessment by EnergySafe Victoria is required to obtain an electrician's licence.

PREREQUISITES

You must be employed as an apprentice, under a training agreement.

SELECTION PROCESS

AASN registration

CAREER OPPORTUNITIES

This course may lead to employment as an electrician and other facets of the electrical industry.

FURTHER STUDY OPPORTUNITIES

You may continue your training by completing a Certificate IV level at a TAFE.

CORE UNITS	
Provide cardiopulmonary resuscitation	HLTAID009
Apply work health and safety regulations, codes and practices in the workplace	UEECD0007
Document and apply measures to control WHS risks associated with electrotechnology work	UEECD0016
Fabricate, assemble and dismantle utilities industry components	UEECD0019
Fix and secure electrotechnology equipment	UEECD0020
Solve problems in multiple path circuits	UEECD0044
Solve problems in single path circuits	UEECD0046
Use drawings, diagrams, schedules, standards, codes and specifications	UEECD0051
Participate in electrical work and competency development activities	UEECO0023
Arrange circuits, control and protection for electrical installations	UEEEL0003
Develop and connect electrical control circuits	UEEEL0005
Evaluate and modify low voltage heating equipment and controls	UEEEL0008
Evaluate and modify low voltage lighting circuits, equipment and controls	UEEEL0009
Evaluate and modify low voltage socket outlets circuits	UEEEL0010
Install low voltage wiring, appliances, switchgear and associated accessories	UEEEL0012
Isolate, test and troubleshoot low voltage electrical circuits	UEEEL0014
Select wiring systems and select cables for low voltage electrical installations	UEEEL0018
Solve problems in direct current (d.c.) machines	UEEEL0019
Solve problems in low voltage a.c. circuits	UEEEL0020
Solve problems in magnetic and electromagnetic devices	UEEEL0021
Terminate cables, cords and accessories for low voltage circuits	UEEEL0023
Test and connect alternating current (a.c.) rotating machines	UEEEL0024
Test and connect transformers	UEEEL0025
Design, install and verify compliance and functionality of general electrical installations	UEEEL0039
Identify, shut down and restart systems with alternate supplies	UEEEL0047
Apply environmentally and sustainable procedures in the energy sector	UEERE0001
Perform rescue from a live LV panel	UETDRRF004

Information about elective units can be found online

CERTIFICATE III IN SUPPLY CHAIN OPERATIONS

COURSE CODE TLI30321

LOCATION

Broadmeadows

DURATION

Full-time: 6 weeks

INTAKE

Direct entry / Rolling enrolments

This course is designed for people seeking employment in the Logistics industry. It includes the LF Forklift and LO Order Picking Forklift licence and the skills and knowledge to work in warehousing.

PREREQUISITES

You need to have satisfactory literacy and numeracy skills and be at least 18 years old when you apply. If you are under 18, and would like to undertake this course, please contact us on 13 TAFE.

SELECTION PROCESS

You will need to attend an interview and undertake a language, literacy and numeracy (LLN) assessment.

CAREER OPPORTUNITIES

This course may lead to employment as a:

- Forklift Driver
- Storeperson
- Transport and Despatch Clerk
- Purchasing and Supply Logistics Clerk
- Logistics Administration Officer
- Logistics Service Clerk

FURTHER STUDY OPPORTUNITIES

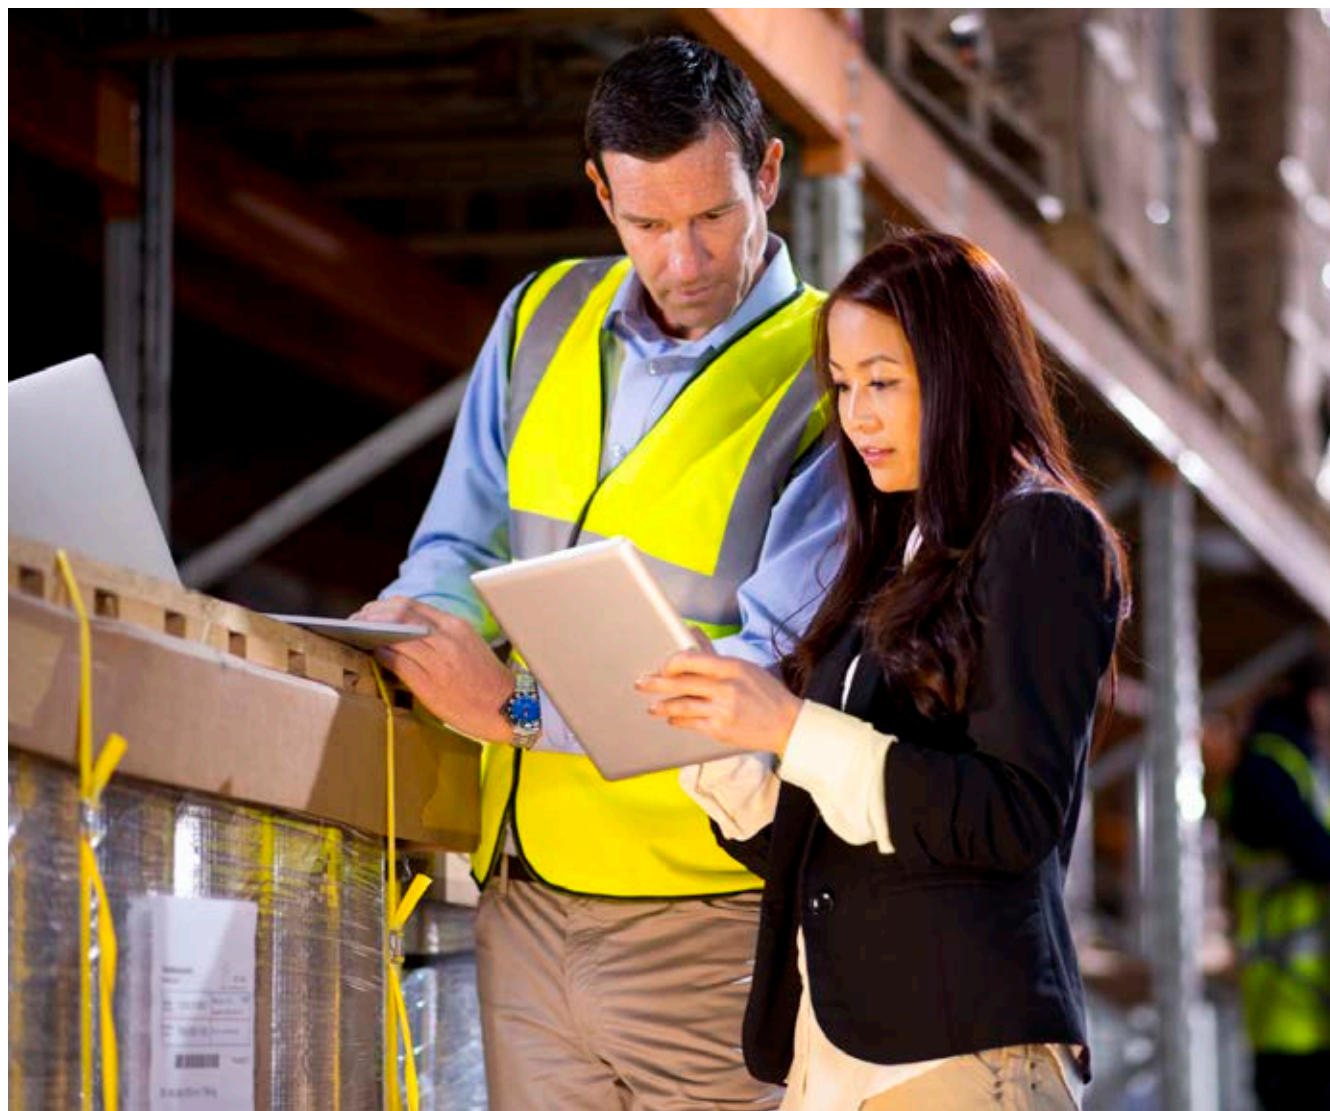

You will be eligible to apply for entry into the Certificate IV at a TAFE.

CORE UNITS

Shift materials safely using manual handling methods	TLID0020
--	----------

Ensure the safety of transport activities (Chain of Responsibility)	TLIF0009
---	----------

PATHWAYS TO YOUR CAREER

OUTDOOR EQUIPMENT

Career opportunities:

- Outdoor Power Equipment Technician

Course to get you there:

- Certificate III in Outdoor Power Equipment Technology (AUR30720)

MOTORCYCLE

Career opportunities:

- Automotive Motorcycle Repair Technician

Course to get you there:

- Certificate III in Motorcycle Mechanical Technology (AUR30820)

LIGHT VEHICLE

Career opportunities:

- Light Vehicle Mechanical Technician

Course to get you there:

- Certificate III in Light Vehicle Mechanical Technology (AUR30620)
- Certificate III in Automotive Underbody Technology (AUR32518)

PREPARATION

Career opportunities:

- Automotive Trainee
- Automotive Technician
- Automotive Workshop Manager

Course to get you there:

- Certificate II in Automotive Vocational Preparation (AUR20720)

AIR CONDITIONING

Career opportunities:

- Automotive Air Conditioning Technician

Course to get you there:

- Certificate II in Automotive Air Conditioning Technology (AUR20220)

ELECTRICAL

Career opportunities:

- Automotive Electrical Trainee
- Automotive Electrical Technician
- Automotive Electrical Workshop Manager

Courses to get you there:

- Certificate II in Automotive Electrical Technology (AUR20420)
- Certificate III in Automotive Electrical Technology (AUR30320)

HEAVY VEHICLE

Career opportunities:

- Heavy Vehicle Technician
- Manufacturing

Courses to get you there:

- Certificate III in Heavy Commercial Vehicle Mechanical Technology (AUR31120)
- Certificate III in Heavy Commercial Trailer Technology (AUR31820)

Career opportunities:

- Diesel Engine Technician

Course to get you there:

- Certificate III in Automotive Diesel Engine Technology (AUR31520)

MARINE

Career opportunities:

- Marine Technician

Course to get you there:

- Certificate III in Marine Mechanical Technology (AUR30520)

SALES

Career opportunities:

- Parts Interpreter
- Vehicle Salesperson
- Farm Machinery Salesperson
- Motorcycle Salesperson

Course to get you there:

- Certificate III in Automotive Sales (AUR31020)

SERVICING

Career opportunities:

- Apprentice Automotive Mechanic
- Mechanics Assistant

Course to get you there:

- Certificate II in Automotive Servicing Technology (AUR20520)
- Certificate III in Recreational Vehicle Service and Repair (MSM31015)

MOTOR SPORT

Career opportunities:

- Race Team Junior Member
- Service/Pit Crew Race Team Member
- Pit Crew Coordinator
- Internship with V8 supercar teams

Courses to get you there:

- Certificate III in Motor Sport Technology (AUR30920)

PAINT & PANEL

Career opportunities:

- Vehicle Body Repair Technician

Courses to get you there:

- Certificate III in Automotive Body Repair Technology (AUR32120)
- Certificate III in Automotive Refinishing Technology (AUR32420)
- Certificate II in Automotive Body Repair Technology (AUR20920)

MANUFACTURING

Career opportunities:

- Automotive Manufacturing Technician
- Vehicle Body Builder Technician Member

Course to get you there:

- Certificate III in Automotive Manufacturing Technical Operations (Bus, Truck and Trailer) (AUM30218)

CERTIFICATE III IN OUTDOOR POWER EQUIPMENT TECHNOLOGY

COURSE CODE AUR30720

LOCATION

Docklands

DURATION

Part-time: 3 years
Flexible: 3 years

INTAKE

Direct Entry / Apprenticeship / Australian Apprenticeship Support Network (AASN)
Rolling enrolments

This course trains you to work with outdoor power equipment, including small engines, mowers, chainsaws and trimmers, from theory to hands-on repairs of engine components to occupational health and safety.

PREREQUISITES

Satisfactory literacy and numeracy skills. You must be at least 15 years old at the time of application. This qualification is suitable for an Australian apprenticeship pathway. You may participate in this course while searching for suitable employment but you will need to complete extra practical work at further cost if you do not secure a workplace.

SELECTION PROCESS

AASN Registration or Interview for non-apprentices. Non-apprentices will be offered a position based on their past experience and ability to source additional skills practice.

CAREER OPPORTUNITIES

This course may lead to employment as a:

- Repair Technician
- Outdoor Power Equipment Technician.

FURTHER STUDY OPPORTUNITIES

This course leads to advanced study in automotive certificate IV or diploma courses.

CORE UNITS	
Follow environmental and sustainability best practice in an automotive workplace	AURAEA002
Follow safe working practices in an automotive workplace	AURASA002
Service and repair rotary cutting systems	AURPTA003
Service and repair chainsaw cutting systems	AURPTA005
Inspect and service line trimming systems and components	AURPTA006
Service and repair post boring systems	AURPTA007
Service and repair post hole digging systems	AURPTA008
Service and repair reciprocating cutting systems	AURPTA009
Inspect and service pumping systems	AURPTA010
Diagnose and repair pumping systems	AURPTA011
Inspect and service outdoor power equipment engines	AURPTE002
Diagnose and repair outdoor power equipment engines	AURPTE003
Overhaul outdoor power equipment engines	AURPTE004
Carry out diagnostic procedures	AURTTA018
Use and maintain tools and equipment in an automotive workplace	AURTTK002

Information about elective units can be found online

CERTIFICATE III IN MOTORCYCLE MECHANICAL TECHNOLOGY

COURSE CODE AUR30820

LOCATION

Docklands

DURATION

Part-time: 3 years

INTAKE

Direct entry / Apprenticeship / Australian Apprenticeship Support Network (AASN)
Rolling enrolments

This comprehensive course is for motorcycle apprentices who want to become fully qualified tradespersons. It covers the servicing, repairing and testing procedures of components.

PREREQUISITES

Satisfactory literacy and numeracy skills. You must be at least 15 years old at the time of application. This qualification is suitable for an Australian apprenticeship pathway. You may participate in this course while searching for suitable employment but you will need to complete extra practical work at further cost if you do not secure a workplace.

SELECTION PROCESS

AASN Registration or Interview for non-apprentices. Non-apprentices will be offered a position based on their past experience and ability to source additional skills practice.

CAREER OPPORTUNITIES

This course prepares you to perform mechanical work in the automotive motorcycle service and repair industry.

FURTHER STUDY OPPORTUNITIES

You may continue on to higher level studies, such as certificate IV or diploma studies.

CORE UNITS	
Follow environmental and sustainability best practice in an automotive workplace	AURAEA002
Follow safe working practices in an automotive workplace	AURASA002
Test and repair basic electrical circuits	AURETR012
Diagnose and repair spark ignition engine management systems	AURETR023
Test, charge and replace batteries and jump-start vehicles	AURETR025
Diagnose and repair charging systems	AURETR029
Diagnose and repair starting systems	AURETR030
Diagnose and repair ignition systems	AURETR031
Diagnose and repair motorcycle braking systems	AURJTB001
Diagnose and repair motorcycle suspension systems	AURJTD003
Diagnose and repair motorcycle steering systems	AURJTD004
Diagnose and repair motorcycle engines	AURJTE001
Diagnose and repair motorcycle driveline systems	AURJTG002
Diagnose and repair motorcycle clutch systems	AURJTX001
Diagnose and repair motorcycle manual transmissions	AURJTX002
Carry out diagnostic procedures	AURTTA018
Inspect and service braking systems	AURTTB001
Diagnose and repair cooling systems	AURTTC003
Inspect and service engines	AURTTE004
Inspect and service petrol fuel systems	AURTTF001
Diagnose and repair petrol carburettor systems	AURTTF006
Use and maintain tools and equipment in an automotive workplace	AURTTK002
Inspect and service final drive assemblies	AURTTQ001
Inspect and service drive shafts	AURTTQ003

Information about elective units can be found online

CERTIFICATE III IN LIGHT VEHICLE MECHANICAL TECHNOLOGY

COURSE CODE AUR30620

LOCATION

Docklands

DURATION

Part-time: 3 years
Flexible: 3 years

INTAKE

Direct entry / Apprenticeship / Australian Apprenticeship Support Network (AASN)
Rolling enrolments

This course opens doors to employment within the automotive industry, specifically for light vehicles and business ownership.

PREREQUISITES

This qualification is suitable for an Australian apprenticeship pathway. The course has high theory content and requires students to be dedicated to achieve the study portion as well as the skills component. You may participate in this course while searching for suitable employment but you will need to complete extra practical work at further cost if you do not secure a workplace.

SELECTION PROCESS

AASN registration or interview for non-apprentices. Non-apprentices will be offered a position based on their past experience and ability to source additional skills practice.

CAREER OPPORTUNITIES

This course may lead to employment as a Light Vehicle Mechanical Technician.

FURTHER STUDY OPPORTUNITIES

You may continue on to higher level studies, such as certificate IV or diploma studies.

CORE UNITS	
Follow safe working practices in an automotive workplace	AURASA102
Test and repair basic electrical circuits	AURETR112
Test, charge and replace batteries and jump-start vehicles	AURETR125
Diagnose and repair charging systems	AURETR129
Diagnose and repair starting systems	AURETR130
Carry out servicing operations	AURTTA104
Develop and carry out diagnostic test strategies	AURTTA118
Diagnose and repair cooling systems	AURTTA103
Inspect and service engines	AURTTA104
Use and maintain tools and equipment in an automotive workplace	AURTTA102
Inspect and service braking systems	AURTTB101
Diagnose and repair spark ignition engine management systems	AURETR123
Diagnose and repair ignition systems	AURETR131
Diagnose and repair light vehicle hydraulic braking systems	AURLTB103
Diagnose and repair light vehicle steering systems	AURLTD104
Diagnose and repair light vehicle suspension systems	AURLTD105
Diagnose and repair light vehicle engines	AURLTE102
Diagnose and repair light vehicle emission control systems	AURLTZ101
Inspect and service petrol fuel systems	AURTTF101
Follow environmental and sustainability best practice in an automotive workplace	AURAEA002

Direct entry / Apprenticeship / Australian Apprenticeship Support Network (AASN)
Rolling enrolments

This qualification reflects the role of individuals who perform a range of services and repairs on tyres, wheels, steering, suspension and brakes. It applies to those working in the light vehicle automotive retail, service and repair industry.

PREREQUISITES

This qualification is suitable for an Australian apprenticeship pathway. The course has high theory content and requires students to be dedicated to achieve the study portion as well as the skills component. You may participate in this course while searching for suitable employment but you will need to complete extra practical work at further cost if you do not secure a workplace.

SELECTION PROCESS

AASN registration or interview for non-apprentices. Non-apprentices will be offered a position based on their past experience and ability to source additional skills practice.

CAREER OPPORTUNITIES

This course prepares you to perform mechanical work in the automotive light vehicle service and repair industry. This course may lead to employment as a Light Vehicle Service Technician.

FURTHER STUDY OPPORTUNITIES

You may continue on to higher level studies, such as certificate IV or diploma studies.

CORE UNITS	
Follow environmental and sustainability best practice in an automotive workplace	AURAEA002
Follow safe working practices in an automotive workplace	AURASA002
Test, charge and replace batteries and jump-start vehicles	AURETR025
Diagnose and repair light vehicle hydraulic braking systems	AURLTB003
Diagnose and repair light vehicle steering systems	AURLTD004
Diagnose and repair light vehicle suspension systems	AURLTD005
Remove, inspect, repair and refit light vehicle tyres and tubes	AURLTJ002
Select light vehicle wheels and tyres	AURLTJ011
Remove, inspect and refit light vehicle wheel and tyre assemblies	AURLTJ013
Diagnose and repair light vehicle drive shafts	AURLTQ012
Carry out diagnostic procedures	AURTTA018
Balance wheels and tyres	AURTTJ011
Use and maintain tools and equipment in an automotive workplace	AURTTK002

Information about elective units can be found online

CERTIFICATE II IN AUTOMOTIVE VOCATIONAL PREPARATION

COURSE CODE AUR20720

LOCATION

Docklands

DURATION

Full-time: 13 weeks

INTAKE

Direct entry / Rolling enrolments

There are two streams available in this course:

Mechanical stream: You will learn general knowledge and practical workshop skills in motor mechanics, auto electrical, parts interpreting, heavy vehicles, light engines or marine mechanics.

Auto Body Stream: You will learn the theoretical and practical foundations of vehicle spray painting, panel beating and vehicle body building.

PREREQUISITES

You need to have satisfactory literacy and numeracy skills and be at least 15 years old when you apply.

SELECTION PROCESS

You will need to attend an information session and interview.

CAREER OPPORTUNITIES

You will study part of the theory component of an automotive industry apprenticeship course, which may help you gain employment as an apprentice. Possible job outcomes include:

- motor mechanics
- auto electrical
- parts interpreting
- heavy vehicles
- light engines
- engine reconditioning
- marine mechanics
- paint and panel

FURTHER STUDY OPPORTUNITIES

You will have the opportunity to apply for one of our certificate III in automotive programs. Further opportunities in the automotive industry may include certificate IV or diploma level courses

CORE UNITS

Follow safe working practices in an automotive workplace	AURASA102
Use and maintain tools and equipment in an automotive workplace	AURTTK102
Identify automotive electrical systems and components	AURETR103
Identify automotive mechanical systems and components	AURLTA101
Resolve routine problems in an automotive workplace	AURAF104
Communicate effectively in an automotive workplace	AURAF103
Follow environmental and sustainability best practice in an automotive workplace	AURAEA002

Information about elective units can be found online

CERTIFICATE II IN AUTOMOTIVE AIR CONDITIONING TECHNOLOGY

COURSE CODE AUR20220

LOCATION

Docklands

DURATION

Full-time: 6 months
Part-time: 1 year

INTAKE

Direct entry / Australian Apprenticeship Support Network (AASN)
Rolling enrolments

This course trains you for employment in automotive air conditioning systems. You will learn specific skills to carry out repairs, installation and maintenance and diagnostic procedures on air conditioning units.

PREREQUISITES

There are no set prerequisites however it is recommended that you have satisfactory numeracy and literacy skills to undertake this course.

SELECTION PROCESS

You will need to attend an information session, self-evaluation and interview.

CAREER OPPORTUNITIES

You will be accredited and qualified to work on specialised automotive air conditioning systems.

This course may lead to employment as an:

- Automotive Air Conditioning Technician

FURTHER STUDY OPPORTUNITIES

This course will lead to higher level studies at certificate III / apprenticeship level. Credit transfers may be available into related certificate III or IV courses.

CORE UNITS

Follow safe working practices in an automotive workplace	AURASA102
Test and repair basic electrical circuits	AURETR112
Develop and carry out diagnostic test strategies	AURTTA118
Service air conditioning and HVAC systems	AURETU103
Diagnose and repair air conditioning and HVAC components	AURETU104
Follow environmental and sustainability best practice in an automotive workplace	AURAEA002

Information about elective units can be found online

CERTIFICATE II IN AUTOMOTIVE ELECTRICAL TECHNOLOGY

COURSE CODE AUR20420

LOCATION

Docklands

DURATION

Part-time: 2 years

INTAKE

Direct entry / Australian Apprenticeship Support Network (AASN)
Rolling enrolments

This course is designed to provide you with general knowledge and practical workshop skills in the automotive electrical trade to enter an automotive apprenticeship.

This includes service and repair of vehicle electrical components and systems in the automotive aftermarket area.

PREREQUISITES

You may participate in this course while searching for suitable employment but you will need to complete extra practical work at further cost if you do not secure a workplace.

SELECTION PROCESS

You must attend an information session and interview.

CAREER OPPORTUNITIES

This course may lead to employment as an:

- Automotive Electrical Component Installer
- Automotive Electrical Apprentice.

FURTHER STUDY OPPORTUNITIES

Credit transfers may be available into related certificate III courses, including the Certificate III in Automotive Electrical Technology (AUR30316). Further opportunities in the automotive industry can include certificate IV or diploma courses.

CORE UNITS

Follow safe working practices in an automotive workplace	AURASA102
Test and repair basic electrical circuits	AURETR112
Inspect, test and service batteries	AURETR115
Follow environmental and sustainability best practice in an automotive workplace	AURAEA002
Use and maintain electrical test equipment in an automotive workplace	AURETK002
Solder electrical wiring and circuits	AURETR006
Apply knowledge of automotive electrical circuits and wiring systems	AURETR007
Remove and replace electrical units and assemblies	AURETR008
Install vehicle lighting and wiring systems	AURETR009
Install basic ancillary electrical systems and components	AURETR011

Information about elective units can be found online

CERTIFICATE III IN AUTOMOTIVE ELECTRICAL TECHNOLOGY

COURSE CODE AUR30320

LOCATION

Docklands

DURATION

Part-time: 3 years
Flexible: 2 years

INTAKE

Direct entry / Apprenticeship / Australian Apprenticeship Support Network (AASN)
Rolling enrolments

This course is the nationally recognised qualification for becoming an Automotive Electrician. You will learn about health and safety, customer relations, using tools, repairing, servicing and testing all the elements of automotive electrical systems.

PREREQUISITES

Satisfactory literacy and numeracy skills. You must be at least 15 years old at the time of application. This qualification is suitable for an Australian apprenticeship pathway. You may participate in this course while searching for suitable employment but you will need to complete extra practical work at further cost if you do not secure a workplace.

SELECTION PROCESS

AASN registration or interview for non-apprentices.

CAREER OPPORTUNITIES

On completion of this course you can find employment in the service, diagnosis and repair of vehicle electrical and electronic systems and components. This course may lead to employment as an:

- Automotive Electrician
- Automotive Electrical Technician
- Automotive Electrical Diagnostic Technician

FURTHER STUDY OPPORTUNITIES

Credit transfers may be available into related courses such as the certificate IV or diploma courses.

CORE UNITS

Follow environmental and sustainability best practice in an automotive workplace	AURAEA002
Follow safe working practices in an automotive workplace	AURASA102
Use and maintain electrical test equipment in an automotive workplace	AURETK002
Solder electrical wiring and circuits	AURETR006
Apply knowledge of automotive electrical circuits and wiring systems	AURETR007
Install vehicle lighting and wiring systems	AURETR009
Repair wiring harnesses and looms	AURETR010
Install ancillary electronic systems and components	AURETR027
Test and repair basic electrical circuits	AURETR112
Diagnose and repair spark ignition engine management systems	AURETR123
Diagnose and repair compression ignition engine management systems	AURETR124
Test, charge and replace batteries and jump-start vehicles	AURETR125
Diagnose and repair instruments and warning systems	AURETR128
Diagnose and repair charging systems	AURETR129
Diagnose and repair starting systems	AURETR130
Diagnose and repair ignition systems	AURETR131
Diagnose and repair automotive electrical systems	AURETR132
Apply knowledge of petrol and diesel engine operation	AURETR135
Diagnose and repair electronic body management systems	AURETR143
Develop and carry out diagnostic test strategies	AURTTA118
Inspect and service engines	AURTTT104

Information about elective units can be found online

CERTIFICATE III IN AUTOMOTIVE DIESEL ENGINE TECHNOLOGY

COURSE CODE AUR31520

LOCATION

Docklands

DURATION

Part-time: 3 years

Flexible: 3 years

Full-time: 3 years

INTAKE

Direct entry / Apprenticeship / Australian Apprenticeship Support Network (AASN)
Rolling enrolments

This course will train you to work as a diesel engine technician, working on fixed machinery such as plant generators and pumping stations. You will gain skills to carry out diagnostic procedures, service, and repair and overhaul engines and associated components, repair and service cooling systems, diesel fuel systems, emission control systems and air compressors/components.

PREREQUISITES

Satisfactory literacy and numeracy skills. You must be at least 15 years old at the time of application. This qualification is suitable for an Australian apprenticeship pathway. You may participate in this course while searching for suitable employment but you will need to complete extra practical work at further cost if you do not secure a workplace.

SELECTION PROCESS

AASN registration or interview for non-apprentices. Non-apprentices will be offered a position based on their past experience and ability to source additional skills practice.

CAREER OPPORTUNITIES

This course may lead to employment as a:

- Diesel Engine Technician

FURTHER STUDY OPPORTUNITIES

This course leads to advanced study in the automotive field in certificate IV or diploma courses.

CORE UNITS

Follow safe working practices in an automotive workplace	AURASA102
Test and repair basic electrical circuits	AURETR112
Test, charge and replace batteries and jump-start vehicles	AURETR125
Diagnose and repair heavy vehicle compression ignition engines	AURHTE102
Diagnose and repair heavy vehicle diesel fuel injection systems	AURHTF102
Carry out servicing operations	AURTTA104
Develop and carry out diagnostic test strategies	AURTTA118
Inspect and service engines	AURTTE104
Use and maintain tools and equipment in an automotive workplace	AURTTK102
Follow environmental and sustainability best practice in an automotive workplace	AURAEA002
Use and maintain measuring equipment in an automotive workplace	AURTTK001
Assemble engine blocks and sub-assemblies	AURTTM004
Dismantle and evaluate engine blocks and sub-assemblies	AURTTM008
Recondition engine cylinder heads	AURTTM011

Information about elective units can be found online

CERTIFICATE III IN MOBILE PLANT TECHNOLOGY OR CERTIFICATE III IN MOBILE PLANT TECHNOLOGY (ELEVATING WORK PLATFORM)

OR CERTIFICATE III IN MOBILE PLANT TECHNOLOGY (FORKLIFT)

COURSE CODE AUR31220

LOCATION

Docklands

DURATION

Part-time: 3 years

Flexible: 3 years

INTAKE

Direct entry / Apprenticeship / Australian Apprenticeship Support Network (AASN)
Rolling enrolments

This course trains people who work with heavy vehicle mobile equipment plant and earthmoving. You will gain the skills and knowledge to competently carry out service, repair and diagnostic procedures.

This qualification is suitable for an Australian apprenticeship pathway.

There are three streams available in this qualification. Your Apprentice Training Advisor will discuss the most suitable stream with you and your employer.

Streams available are:

- Certificate III in Mobile Plant Technology (Forklift technology)
- Certificate III in Mobile Plant Technology (Mobile Plant Equipment)
- Certificate III in Mobile Plant Technology (Elevating Work Platform)

PREREQUISITES

Satisfactory literacy and numeracy skills. You must be at least 15 years old at the time of application.

SELECTION PROCESS

Compulsory information session, self-evaluation and interview.

CAREER OPPORTUNITIES

This course prepares you to perform mechanical work in the automotive heavy vehicle service and repair sector.

This course may lead to employment as a:

- Mobile Plant Technician

FURTHER STUDY OPPORTUNITIES

You may continue on to higher level studies, such as certificate IV or diploma studies.

CORE UNITS

Follow environmental and sustainability best practice in an automotive workplace	AURAEA002
Follow safe working practices in an automotive workplace	AURASA102
Test and repair basic electrical circuits	AURETR112
Test, charge and replace batteries and jump-start vehicles	AURETR125
Inspect and service hydraulic systems	AURTTA006
Carry out servicing operations	AURTTA104
Select and use bearings, seals, gaskets, sealants and adhesives	AURTTA105
Develop and carry out diagnostic test strategies	AURTTA118
Use and maintain tools and equipment in an automotive workplace	AURTTK102

Information about elective units can be found online

CERTIFICATE III IN MARINE MECHANICAL TECHNOLOGY

COURSE CODE AUR30520

LOCATION

Docklands

DURATION

Part-time: 3 years

INTAKE

Direct entry / Apprenticeship / Australian Apprenticeship Support Network (AASN) Rolling enrolments

This course will give you the knowledge and skills to gain employment working with boat engines and other mechanical equipment in the retail service and repair sector in the marine industry.

PREREQUISITES

Satisfactory literacy and numeracy skills. You must be at least 15 years old at the time of application. This qualification is suitable for an Australian apprenticeship pathway. You may participate in this course while searching for suitable employment but you will need to complete extra practical work at further cost if you do not secure a workplace.

SELECTION PROCESS

AASN Registration or Interview for non-apprentices. Non-apprentices will be offered a position based on their past experience and ability to source additional skills practice.

CAREER OPPORTUNITIES

This course may lead to employment as a:

- Marine Mechanic
- Marine Technician

FURTHER STUDY OPPORTUNITIES

This course leads to advanced study in Certificate IV in Automotive Mechanical Diagnosis (AUR40216) or higher level diploma courses.

CORE UNITS	
Follow environmental and sustainability best practice in an automotive workplace	AURAEA002
Follow safe working practices in an automotive workplace	AURASA102
Test and repair basic electrical circuits	AURETRI12
Test, charge and replace batteries and jump-start vehicles	AURETRI25
Diagnose and repair charging systems	AURETRI29
Diagnose and repair starting systems	AURETRI30
Install marine engines, controls and instruments	AURRTE008
Install marine electrical systems and components	AURRTR007
Diagnose and repair marine electrical systems	AURRTR106
Apply knowledge of engine science	AURTEE001
Use and maintain tools and equipment in an automotive workplace	AURTTK102

Information about elective units can be found online

CERTIFICATE III IN AUTOMOTIVE SALES

COURSE CODE AUR31020

LOCATION

Docklands

DURATION

Part-time: 2 years

INTAKE

Direct entry / Apprenticeship / Australian Apprenticeship Support Network (AASN) Rolling enrolments

This parts interpreting course places a strong emphasis on understanding automotive components, accessing information, managing databases and customer relations. This course prepares you for performing general sales and marketing functions in an automotive retail, service or repair business.

PREREQUISITES

Satisfactory literacy and numeracy skills. You must be at least 15 years old at the time of application. This qualification is suitable for an Australian apprenticeship pathway. You may participate in this course while searching for suitable employment but you will need to complete extra practical work at further cost if you do not secure a workplace.

SELECTION PROCESS

AASN Registration or Interview for non-apprentices. Non-apprentices will be offered a position based on their past experience and ability to source additional skills practice.

CAREER OPPORTUNITIES

This course may lead to employment as a:

- Parts Interpreter
- Vehicle Salesperson
- Farm Machinery Salesperson
- Motorcycle Salesperson

FURTHER STUDY OPPORTUNITIES

You can continue onto further specialist studies or higher level studies such as the certificate IV or diploma.

CORE UNITS	
Respond to customer needs and enquiries in an automotive workplace	AURACA101
Follow environmental and sustainability best practice in an automotive workplace	AURAEA002
Resolve routine problems in an automotive workplace	AURFA104
Follow safe working practices in an automotive workplace	AURASA102
Process customer complaints in an automotive workplace	AURSAA001
Sell automotive products and services	AURSCA105
Promote automotive products and services	AURSCA106
Comply with legal requirements when selling automotive products and services	AURSLA001

Information about elective units can be found online

CERTIFICATE III IN AGRICULTURAL MECHANICAL TECHNOLOGY

COURSE CODE AUR30420

LOCATION

Docklands / Workplace

DURATION

Part-time: 3 years
Flexible: 3 years

INTAKE

Direct entry / Apprenticeship / Australian Apprenticeship Support Network (AASN) Rolling enrolments

This course trains you for work with heavy vehicle agricultural equipment. You will gain the skills and knowledge to competently carry out service, repair and diagnostic procedures.

PREREQUISITES

Satisfactory literacy and numeracy skills. You must be at least 15 years old at the time of application. This qualification is suitable for an Australian apprenticeship pathway. You may participate in this course while searching for suitable employment but you will need to complete extra practical work at further cost if you do not secure a workplace.

SELECTION PROCESS

AASN registration or interview for non-apprentices. Compulsory information session and interview.

CAREER OPPORTUNITIES

This course may lead to employment as an Agricultural Mechanical Technician.

FURTHER STUDY OPPORTUNITIES

This course leads to advanced study in the automotive field in certificate IV or diploma courses.

CORE UNITS	
Develop and carry out diagnostic test strategies	AURTTA118
Respond to customer needs and enquiries in an automotive workplace	AURACA101
Follow environmental and sustainability best practice in an automotive workplace	AURAEA002
Follow safe working practices in an automotive workplace	AURASA102
Test and repair basic electrical circuits	AURETRI12
Test, charge and replace batteries and, jump-start vehicles	AURETRI25
Diagnose and repair charging systems	AURETRI29
Diagnose and repair starting systems	AURETRI30
Diagnose and repair heavy vehicle compression ignition engines	AURHTE102
Diagnose and repair heavy vehicle diesel fuel injection systems	AURHTF102
Diagnose and repair mobile plant hydraulic systems	AURKTA011
Diagnose and repair mobile plant braking systems	AURKTB101
Diagnose and repair mobile plant steering systems	AURKTD102
Diagnose and repair mobile plant final drive assemblies	AURKTQ101
Diagnose and repair powershift transmissions	AURKTX101
Carry out servicing operations	AURTTA104
Inspect and service braking systems	AURTTB101
Diagnose and repair cooling systems	AURTTC103
Inspect and service engines	AURTTE104
Inspect and service diesel fuel injection, systems	AURTTF102
Use and maintain tools and equipment in an automotive workplace	AURTTK102

Information about elective units can be found online

CERTIFICATE II IN AUTOMOTIVE SERVICING TECHNOLOGY

COURSE CODE AUR20520

LOCATION

Docklands

DURATION

Full-time: 1 year
Part-time: 2 years

INTAKE

Direct entry / Australian Apprenticeship Support Network (AASN)
Rolling enrolments

This qualification reflects the role of individuals who perform a range of servicing tasks in the automotive retail, service and repair industry.

PREREQUISITES

You must be currently employed as an apprentice/trainee in the respective field of specialisation. This course is available through the apprenticeship and traineeship pathway. You are eligible if you are employed or have been offered a new apprenticeship or traineeship in your chosen field. You must be at least 15 years old at the time of applications and have satisfactory literacy and numeracy skills.

SELECTION PROCESS

You must be currently employed as an apprentice/trainee in the respective field of specialisation.

Apprentice/Trainees: You will need to have an employer and then contact an Australian Apprentice Support Network office to sign a training contract. You must nominate Kangan Institute as your training provider.

Non-apprentices: To apply for this course you must fill in an application form. We will then be in contact to arrange an interview or provide the information session details.

CAREER OPPORTUNITIES

This course may lead you to work with an employer in the Automotive Industry, specifically with light vehicles, or eventually running your own business.

FURTHER STUDY OPPORTUNITIES

This course may lead to automotive courses at the certificate III or certificate IV level.

CORE UNITS

Follow safe working practices in an automotive workplace	AURASA102
Carry out servicing operations	AURTTA104
Inspect and service engines	AURTTE104
Use and maintain tools and equipment in an automotive workplace	AURTTK102
Inspect, test and service batteries	AURETR115
Inspect and service braking systems	AURTTB101
Inspect and service drive shafts	AURTTQ103
Follow environmental and sustainability best practice in an automotive workplace	AURAEA002
Identify basic automotive faults using troubleshooting processes	AURATA001
Inspect and service cooling systems	AURTTC001
Inspect and service steering systems	AURTTD002
Inspect and service suspension systems	AURTTD004
Inspect and service final drive assemblies	AURTTQ001

Information about elective units can be found online

CERTIFICATE III IN RECREATIONAL VEHICLE SERVICE AND REPAIR

COURSE CODE MSM31015

LOCATION

Docklands / Workplace

DURATION

Full-time: 18 months

INTAKE

Direct entry / Australian Apprenticeship Support Network (AASN)
Rolling enrolments

This course is designed to reflect the role of a recreational vehicle service provider. You will develop a range of skills throughout the course including correct use of hand and power tools, fabrication, welding, repair and service a recreational vehicle chassis, repair structures relating to recreational vehicles and knowledge in the repair and servicing of recreational vehicle furniture and appliances.

PREREQUISITES

Satisfactory literacy and numeracy skills. You must be at least 15 years old at the time of application. This qualification is suitable for an Australian apprenticeship pathway. You may participate in this course while searching for suitable employment but you will need to complete extra practical work at further cost if you do not secure a workplace.

SELECTION PROCESS

AASN Registration or interview for non-apprentices.

Non apprentices will be offered a position based on their past experience and ability to source additional skills practice.

CAREER OPPORTUNITIES

This course may lead to employment as an:

- RV service and repair technician

FURTHER STUDY OPPORTUNITIES

You may continue on to higher level studies, such as certificate IV or diploma studies.

CORE UNITS

Participate in environmentally sustainable work practices	MSMENV272
Communicate in the workplace	MSMSUP102
Work safely	MSMWHS20

Information about elective units can be found online

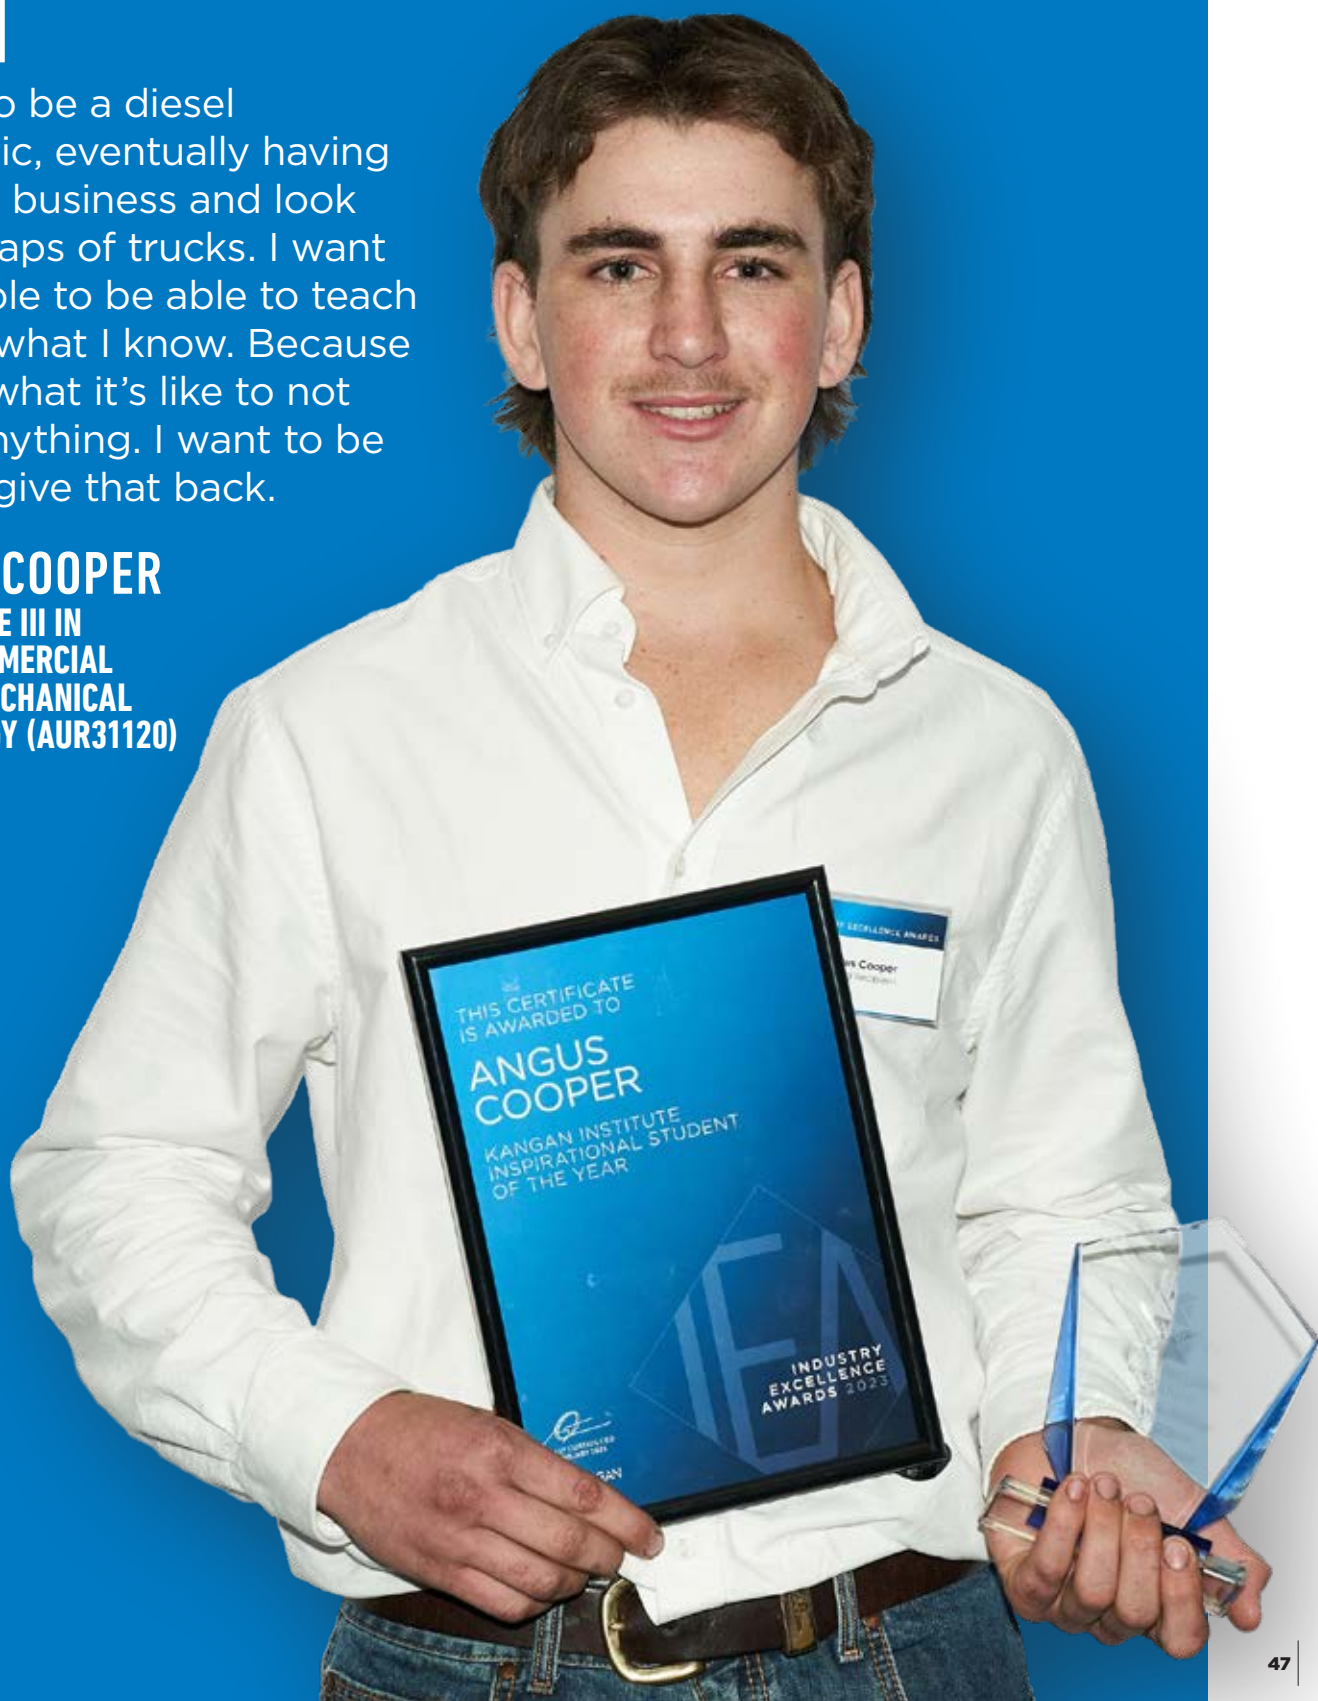

INSPIRATIONAL STUDENT OF THE YEAR 2022

“

I want to be a diesel mechanic, eventually having my own business and look after heaps of trucks. I want to be able to be able to teach people what I know. Because I know what it's like to not know anything. I want to be able to give that back.

ANGUS COOPER
CERTIFICATE III IN
HEAVY COMMERCIAL
VEHICLE MECHANICAL
TECHNOLOGY (AUR31120)

CERTIFICATE III IN HEAVY COMMERCIAL TRAILER TECHNOLOGY

COURSE CODE AUR31820

LOCATION

Docklands

DURATION

Part-time: 3 years

Flexible: 3 years

INTAKE

Direct entry / Apprenticeship / Australian Apprenticeship Support Network (AASN) Rolling enrolments

This course is designed to give you the knowledge and skills to repair trailers and associated systems, within the heavy vehicle service and repair sector.

PREREQUISITES

Satisfactory literacy and numeracy skills. You must be at least 15 years old at the time of application. This qualification is suitable for an Australian apprenticeship pathway. You may participate in this course while searching for suitable employment but you will need to complete extra practical work at further cost if you do not secure a workplace.

SELECTION PROCESS

AASN registration or interview for non-apprentices. Non-apprentices will be offered a position based on their past experience and ability to source additional skills practice.

CAREER OPPORTUNITIES

This course may lead to employment as a Heavy Commercial Trailer Technician.

FURTHER STUDY OPPORTUNITIES

Further opportunities in the automotive industry may include certificate IV or diploma courses.

CORE UNITS

Follow safe working practices in an automotive workplace	AURASA102
Test and repair basic electrical circuits	AURETR112
Develop and carry out diagnostic test strategies	AURTTA118
Use and maintain tools and equipment in an automotive workplace	AURTTK102
Diagnose and repair vehicle dynamic control systems	AURETR122
Diagnose and repair heavy vehicle air braking systems	AURHTB101
Diagnose and repair heavy vehicle suspension systems	AURHTD103
Remove, inspect and refit heavy vehicle wheel and tyre assemblies	AURHTJ103
Diagnose and repair mechanical connections of heavy vehicles and trailers over 4.5 tonnes	AURHTY102
Follow environmental and sustainability best practice in an automotive workplace	AURAEA002
Install vehicle lighting and wiring systems	AURETR009

COURSE CODE AUR31120

LOCATION

Docklands

DURATION

Part-time: 3 years

Flexible: 3 years

INTAKE

Direct entry / Apprenticeship / Australian Apprenticeship Support Network (AASN) Rolling enrolments

This course will train you to work in the heavy vehicle industry. You will gain the skills and knowledge to competently carry out service, repair and diagnostic procedures.

PREREQUISITES

Satisfactory literacy and numeracy skills. You must be at least 15 years old at the time of application. This qualification is suitable for an Australian apprenticeship pathway. You may participate in this course while searching for suitable employment but you will need to complete extra practical work at further cost if you do not secure a workplace.

SELECTION PROCESS

AASN registration or interview for non-apprentices. Non-apprentices will be offered a position based on their past experience and ability to source additional skills practice.

CAREER OPPORTUNITIES

This course may lead to employment as a Heavy Commercial Vehicle Technician Service Advisor.

FURTHER STUDY OPPORTUNITIES

This course leads to advanced study in the automotive field at certificate IV or diploma level automotive courses which could lead to employment opportunities as a service advisor or advanced diagnostician.

CORE UNITS	
Follow safe working practices in an automotive workplace	AURASA102
Test and repair basic electrical circuits	AURETR112
Diagnose and repair compression ignition engine management systems	AURETR124
Test, charge and replace batteries and jump-start vehicles	AURETR125
Diagnose and repair charging systems	AURETR129
Diagnose and repair starting systems	AURETR130
Diagnose and repair heavy vehicle compression ignition engines	AURHTE102
Diagnose and repair heavy vehicle emission control systems	AURHTZ101
Carry out servicing operations	AURTTA104
Develop and carry out diagnostic test strategies	AURTTA118
Diagnose and repair cooling systems	AURTTTC103
Inspect and service diesel fuel injection systems	AURTTF102
Diagnose and repair engine forced-induction systems	AURTTF105
Use and maintain tools and equipment in an automotive workplace	AURTTK102
Diagnose and repair vehicle dynamic control systems	AURETR122
Diagnose and repair heavy vehicle air braking systems	AURHTB101
Diagnose and repair heavy vehicle suspension systems	AURHTD103
Diagnose and repair heavy vehicle steering systems	AURHTD102
Diagnose and repair heavy vehicle drive shafts	AURHTQ103
Follow environmental and sustainability best practice in an automotive workplace	AURAEA002
Inspect and service hydraulic systems	AURTTA006
Inspect and service final drive assemblies	AURTTQ001

JAMES GREIG
CERTIFICATE III IN
HEAVY COMMERCIAL
VEHICLE MECHANICAL
TECHNOLOGY

“ This was a really good experience and it will hopefully open a few doors for me later.

CERTIFICATE III IN MOTOR SPORT TECHNOLOGY

COURSE CODE AUR30920

LOCATION

Docklands

DURATION

Full-time: 1 year

INTAKE

Direct entry / Australian Apprenticeship Support Network (AASN)
Rolling enrolments

This course is designed for those wanting to progress their career in the motorsport industry, such as motorsport mechanics or technicians. Suitable students will be offered the opportunity to undertake work placement and you are encouraged to seek your own work placement opportunities.

PREREQUISITES

Satisfactory literacy and numeracy skills. You must be at least 15 years old at the time of application. This qualification is suitable for an Australian apprenticeship pathway. You may participate in this course while searching for suitable employment but you will need to complete extra practical work at further cost if you do not secure a workplace.

SELECTION PROCESS

Attend compulsory information session and interview. AASN registration and employer required if an apprentice.

CAREER OPPORTUNITIES

This course may lead to employment as a:

- Number Three Mechanic within a V8 Supercar team
- Vehicle Service and Repair Technician within a motorsport race team
- Service/Pit Crew Race Team Member
- An opportunity to branch into different roles within a race team which may include: Data Technician, Engine Technician, Driveline Technician, Machinist, Fabricator or promotional activities.

FURTHER STUDY OPPORTUNITIES

Credit transfers may be available into related certificate III, certificate IV or diploma programs.

CORE UNITS	
Develop and carry out diagnostic test strategies	AURTTA118
Operate in a motor sport environment	AURMMA101
Coordinate operations of a motor sport team	AURMMA108
Assemble and prepare competition vehicles for motor sport events	AURMTA102
Prepare competition vehicles at motor sport events	AURMTA104
Collect and log motor sport data	AURMTA109
Diagnose and repair spark ignition engine management systems	AURETR123
Diagnose and repair light vehicle hydraulic braking systems	AURLTB103
Diagnose and repair light vehicle suspension systems	AURLTD105
Carry out light vehicle wheel alignment operations	AURLTD106
Diagnose and repair light vehicle engines	AURLTE102
Diagnose and repair light vehicle drive shafts	AURLTQ102
Diagnose and repair light vehicle manual transmissions	AURLTX101
Load and unload competition vehicles and support equipment	AURAEA002
Follow environmental and sustainability best practice in an automotive workplace	AURMBA002
Assist with officiating duties at motor sport events	AURMDA002
Follow motor sport event and team safety requirements	AURMMA007
Perform pit lane and service area operations at motor sport events	AURMTA005
Perform torquing and fastening on motor sport competition vehicles	AURMTA006
Conduct non-destructive testing	AURMTA007
Construct hose and pipe assemblies for competition vehicles	AURMTS001

CERTIFICATE II IN AUTOMOTIVE BODY REPAIR TECHNOLOGY

COURSE CODE AUR20920

LOCATION

Docklands

DURATION

Part-time: 18 months

INTAKE

Direct entry / Australian Apprenticeship Support Network (AASN)
Rolling enrolments

In this course you may choose from several streams including paint and panel preparation, vehicle dismantling, vehicle glazing, window tinting and vehicle preparation.

PREREQUISITES

This qualification is suitable for an Australian apprenticeship pathway. You may participate in this course while searching for suitable employment but you will need to complete extra practical work at further cost if you do not secure a workplace.

SELECTION PROCESS

Compulsory information session and interview.

CAREER OPPORTUNITIES

This course may lead to employment as a:

- Professional Detailer or Assembler
- Window Tinter
- Spray Painter

FURTHER STUDY OPPORTUNITIES

You may be eligible for further study in certificate III courses including the Certificate III in Automotive Body Repair Technology (AUR32120) or the Certificate III in Automotive Refinishing Technology (AUR32416).

CORE UNITS	
Follow environmental and sustainability best practice in an automotive workplace	AURAEA002
Read and respond to automotive workplace information	AURAF002
Work effectively with others in an automotive workplace	AURAMA001
Follow safe working practices in an automotive workplace	AURASA102
Use and maintain tools and equipment in an automotive workplace	AURTTK102

CERTIFICATE III IN AUTOMOTIVE BODY REPAIR TECHNOLOGY

COURSE CODE AUR32120

LOCATION

Docklands

DURATION

Part-time: 3 years
Flexible: 3 years

INTAKE

Direct entry / Apprenticeship / Australian Apprenticeship Support Network (AASN)
Rolling enrolments

This qualification covers the skills and knowledge required to repair and maintain the body of cars, heavy vehicles and other vehicles in the automotive industry.

This automotive apprenticeship course provides you with the comprehensive knowledge and skills in the vehicle body field of panel beating.

PREREQUISITES

Satisfactory literacy and numeracy skills. You must be at least 15 years old at the time of application. This qualification is suitable for an Australian apprenticeship pathway. You may participate in this course while searching for suitable employment but you will need to complete extra practical work at further cost if you do not secure a workplace.

SELECTION PROCESS

AASN Registration or Interview for non-apprentices.

CAREER OPPORTUNITIES

This course may lead to employment as a:

- Vehicle Body Repair Technician
- Vehicle Body Restoration Technician
- Heavy Vehicle Body and Chassis Repair Technician

FURTHER STUDY OPPORTUNITIES

Credits may be available into related certificate IV or diploma courses.

CORE UNITS	
Follow safe working practices in an automotive workplace	AURASA102
Test, charge and replace batteries and jump-start vehicles	AURETR125
Use and maintain tools and equipment in an automotive workplace	AURTTK102
Interpret and apply automotive repair instructions	AURAF0108
Remove and replace major welded panels on vehicles	AURVTN120
Repair adhesive bonded structural damage on vehicles	AURVTN123
Inspect vehicle damage and determine repair procedures	AURVTN132
Apply original equipment manufacturer repair procedures during vehicle repairs	AURVTN135
Carry out advanced gas metal arc welding on vehicle body sections	AURVTW103
Remove, replace and align bolt-on vehicle body panels and components	AURVTN104
Repair vehicle body panels using filler	AURVTN116
Carry out spot welding	AURVTW105
Follow environmental and sustainability best practice in an automotive workplace	AURAEA002
Remove, refit and operate electrical components following body repair activities	AURETR042
Repair vehicle chassis, frame and associated components	AURTTY001
Remove and store vehicle body components	AURVTN003
Repair vehicle body misalignment	AURVTN022

Information about elective units can be found online

CERTIFICATE III IN AUTOMOTIVE REFINISHING TECHNOLOGY

COURSE CODE AUR32420

LOCATION

Docklands

DURATION

Part-time: 3 years
Flexible: 3 years

INTAKE

Direct entry / Apprenticeship / Australian Apprenticeship Support Network (AASN)
Rolling enrolments

This course provides you with comprehensive knowledge and skills in the automotive refinishing fields specialising in vehicle painting. You will learn about safe work, paint removal methods, pre-repair operations and fundamental colour matching techniques.

PREREQUISITES

Satisfactory literacy and numeracy skills. You must be at least 15 years old at the time of application. This qualification is suitable for an Australian apprenticeship pathway. You may participate in this course while searching for suitable employment but you will need to complete extra practical work at further cost if you do not secure a workplace.

SELECTION PROCESS

AASN Registration or interview for non-apprentices.

Non-apprentices will be offered a position based on their past experience and ability to source additional skills practice.

CAREER OPPORTUNITIES

This course is intended to prepare you for painting and maintaining painted surfaces on a range of vehicles and non-vehicle applications. This course may lead to employment as a:

- Vehicle Refinishing Technician Light Vehicle Industry
- Vehicle Refinishing Technician Heavy Vehicle Industry

FURTHER STUDY OPPORTUNITIES

You may continue on to higher level studies, such as certificate IV or diploma studies.

CORE UNITS	
Follow environmental and sustainability best practice in an automotive workplace	AURAEA002
Interpret and apply automotive repair instructions	AURAF108
Follow safe working practices in an automotive workplace	AURASA102
Mask vehicle panels and components	AURVTP002
Apply refinishing primers to vehicle surfaces	AURVTP006
Prepare and paint plastic and composite vehicle surfaces	AURVTP019
De-nib, buff and polish vehicle painted surfaces	AURVTP020
Remove paint from vehicle painted surfaces	AURVTP101
Prepare vehicle spray painting equipment for use	AURVTP103
Apply basic colour matching techniques using vehicle paint codes	AURVTP104
Prepare and operate vehicle paint drying equipment	AURVTP110
Prepare vehicle substrates for refinishing	AURVTP113
Colour match multi-layer and clear over base two-pack paints on vehicles and components	AURVTP114
Match direct gloss solid paint colour on vehicles or components	AURVTP115
Rectify and touch up vehicle paint faults using clear over base two-pack systems	AURVTP117
Apply clear over base two-pack refinishing materials to vehicle body components	AURVTP123
Apply clear over base multi-layer and pearl refinishing materials to vehicle body components	AURVTP124
Apply water-based refinishing materials to vehicle bodies and substrates	AURVTP125

Information about elective units can be found online

CERTIFICATE III IN AUTOMOTIVE MANUFACTURING – TECHNICAL OPERATIONS (BUS, TRUCK AND TRAILER)

COURSE CODE AUM30218

LOCATION

Docklands / Workplace

DURATION

Part-time: 3 years
Flexible: 3 years

INTAKE

Direct entry / Apprenticeship / Australian Apprenticeship Support Network (AASN)
Rolling enrolments

This course aims to provide you with comprehensive knowledge and skills in automotive manufacturing of buses, trucks and trailers, including welding of various materials as well as design and construction principles.

PREREQUISITES

Satisfactory literacy and numeracy skills. You must be at least 15 years old at the time of application. This qualification is suitable for an Australian apprenticeship pathway. You may participate in this course while searching for suitable employment but you will need to complete extra practical work at further cost if you do not secure a workplace.

SELECTION PROCESS

CERTIFICATE IV IN TRAINING AND ASSESSMENT

COURSE CODE TAE40116

LOCATION

Essendon / Online

DURATION

Part-time: 10 months
Online: 6-12 months

INTAKE

Direct entry
February, April, July and September

If you love interacting with people and you're passionate about what you do, why not take the next step in your career and become a professional trainer? This training and assessment course is designed to develop your skills and knowledge to perform the role of trainer, facilitator or assessor in the workplace and in Registered Training Organisations (RTOs).

Achievement of this qualification or an equivalent by trainers and assessors is a requirement of the Standards for Registered Training Organisations (RTOs) 2015.

SELECTION PROCESS

Apply online

To be selected for this course, you will need to attend a course information session, submit a pre-course interview document and undertake a pre-training review including language, literacy and numeracy (LLN) assessments to ensure that this training is suitable and appropriate for you.

ENTRANCE REQUIREMENTS

Those entering this program must be able to demonstrate vocational competency in their proposed teaching and assessing area. Vocational competency is defined as broad industry knowledge and experience, and may include, but is not limited to, holding a relevant unit of competency or qualification.

To enable successful completion of the program, students are advised prior to enrolment to have:

- At least 3 years' experience in a vocational area they intend to teach.
- Sufficient language and literacy skills to write a range of documentation – ACSF level 4.
- Good communication and interpersonal skills – ACSF level 4.
- A good working knowledge of computer programs eg: MS Office, email and internet research.

For those potential students wanting to enrol in this course, you will need to:

- Complete a pre-training review to determine your level in reading, writing, oral communication and numeracy skills. An ACSF level 4 is required to be achieved by students wishing to undertake the course.
- Have access to a training environment or simulated training environment to conduct your workplace projects.
- Have access to the internet and a knowledge of search engines.
- Have a minimum of 3 years' vocational experience in your area of expertise.
- Applicants will also need to complete a 'pre-course interview' document and provide their current resume at the information session.
- People with prior experience in training and assessment should enquire about Recognition of Prior Learning (RPL).

CAREER OPPORTUNITIES

This qualification provides the skills for workplace trainers in the delivery and assessment of a variety of courses including short courses.

Possible job titles and roles relevant to this qualification include:

- Enterprise Trainer
- Enterprise Assessor
- Registered Training Organisation (RTO) Trainer
- RTO Assessor
- Training Advisor or Training Needs Analyst
- Vocational Education Teacher.

FURTHER STUDY OPPORTUNITIES

After completion of the Certificate IV in Training and Assessment (TAE40116) qualification, students willing to further their studies, can move onto the level 5 Diploma of Vocational Education and Training (TAE50116) qualification.

CORE UNITS	
Plan assessment activities and processes	TAEASS401
Assess competence	TAEASS402
Participate in assessment validation	TAEASS403
Design and develop assessment tools	TAEASS502
Plan, organise and deliver group-based learning	TAEDEL401
Plan, organise and facilitate learning in the workplace	TAEDEL402
Design and develop learning programs	TAEDES401
Use training packages and accredited courses to meet client needs	TAEDES402
Address Adult language, literacy and numeracy Skills	TAEELN411

Information about elective units can be found online

DIPLOMA OF VOCATIONAL EDUCATION AND TRAINING

COURSE CODE TAE50116

LOCATION

Broadmeadows / Cremorne

DURATION

Part-time: 15 months

INTAKE

Direct entry / March and August

If you love being a trainer and assessor and want to take your career to the next level, this is the qualification for you!

This qualification reflects the roles of experienced practitioners delivering training and assessment services usually within Registered Training Organisations (RTOs) in the Vocational Education and Training (VET) sector. They may have a role in leading other trainers and assessors and in providing mentoring or advice to new trainers or assessors, as well as designing approaches to learning and assessment strategies across a significant area within the RTO.

PREREQUISITES

While there are no formal training package requirements to enrol in this course it is a Kangan Institute requirement that students undertaking the Diploma of Vocational Education and Training (TAE50116) will be an experienced practitioner delivering training and assessment services usually within a Registered Training Organisation (RTO) in the Vocational Education and Training (VET) sector.

Students must have access to a real vocational learning environment, learning and assessment resources, and real vocational learners.

Applicants will also need to complete a 'pre-course interview' document and provide their current resume at the information session.

People with prior experience in training and assessment should enquire about Recognition of Prior Learning (RPL).

SELECTION PROCESS

Apply online

To be selected for this course, you will need to attend a qualification information session, submit a pre-enrolment Interview document, and undertake a pre-training review.

CAREER OPPORTUNITIES

Graduates at this level will have specialised knowledge and skills for skilled/paraprofessional work and/or further learning as a:

- Senior/Lead Educator
- Education Manager
- Instructional Designer

FURTHER STUDY OPPORTUNITIES

After completion of the Diploma of Vocational Education and Training (TAE50116) qualification, students willing to further their studies can move onto level 6+ qualifications including:

- Graduate Certificate in Digital Education (TAE80316)
- Graduate Diploma of Adult Language, Literacy and Numeracy Practice (TAE80113)
- Graduate Diploma of Adult Language, Literacy and Numeracy Leadership (TAE80213)
- Tertiary studies in VET (Qualification codes and titles dependent on the delivering tertiary institution)

CORE UNITS

Provide advanced assessment practice	TAEASS501
Design and develop assessment tools	TAEASS502
Provide advanced facilitation practice	TAEDL502
Design and develop learning strategies	TAEDL501
Support the development of adult language literacy and numeracy skills	TAELN501
Maintain and enhance professional practice	TAEPDD501

Information about elective units can be found online
VET Student Loans available.

CERTIFICATE IV IN ENGLISH LANGUAGE TEACHING (TESOL)

COURSE CODE 11021NAT

LOCATION

Docklands

DURATION

Part-time: 23 weeks*

INTAKE

Direct entry
Semester one and Semester two

This nationally recognised qualification provides people with practical skills in teaching English to speakers of other languages. The course aims to develop candidates' language analysis skills and awareness of cultural factors in language learning. It also addresses the skills and knowledge required for designing and delivering English language training programs for non-native English language learners.

Upon graduation, candidates will be able to plan lessons for learners at different levels in a variety of contexts, design and adapt classroom materials, conduct lessons effectively and analyse language for teaching purposes.

PREREQUISITES

You must demonstrate satisfactory language, literacy and numeracy skills, have completed year 12 (or overseas equivalent) and be over 18 years old. An individual for whom English is not their first language must also demonstrate an IELTS (Academic) score of 6.5 or similar, though IELTS 7.0 and above is preferred.

**Completion of work placement requirement may extend course duration*

SELECTION PROCESS

All applicants will need to complete a language, literacy and numeracy assessment and achieve the level of competency required for this course.

Non-native English speakers are expected to demonstrate an IELTS score or equivalency of 6.5.

CAREER OPPORTUNITIES

This course is recognised by the National English Teaching Accreditation Scheme (NEAS) as a minimum TESOL qualification for teaching in an English Language program in Australia or overseas. Please note that employment requirements may vary according to institute type, program and level.

FURTHER STUDY OPPORTUNITIES

This course will lead to higher level studies in the Diploma of TESOL (10688NAT). Credit transfers may be available into a degree or masters level.

CORE UNITS

Create a culturally inclusive learning environment	NAT11020001
Use the genre approach to teach English	NAT11020002
Teach English grammar	NAT11020003
Teach spelling and pronunciation	NAT11020004
Teach speaking	NAT11020005
Teach listening	NAT11020006
Teach reading	NAT11020007
Teach writing	NAT11020008
Teach English using technology	NAT11020009

Information about elective units can be found online

AUSTRALIAN DEFENCE FORCE PREPARATION PROGRAM

CERTIFICATE II IN GENERAL EDUCATION FOR ADULTS

COURSE CODE 22473VIC

LOCATION

Online

DURATION

Flexible: 6 months

INTAKE

Direct entry / Rolling enrolments

Don't have the high school grades required for joining the Australian Defence Force? You're not alone! We have set up a year 10 equivalency program, specialising in Maths, English and Science which will give you the confidence in preparation to help with your ADF application. This is a flexible program which allows you to complete your studies both online and through practical workshops. Attendance is based purely on your needs.

SELECTION PROCESS

Individual interview. Minimum 15 years of age and not currently enrolled in school.

CAREER OPPORTUNITIES

Entrance into the army, other defence or security organisations.

FURTHER STUDY OPTIONS

This could lead to further study opportunities at a Certificate II level or above.

CORE UNITS

Research pathways and produce a learning plan and portfolio	VU22411
Implement and review a project	VU22412

Information about elective units can be found online

The Certificates I in Transition Education and Work Education are entry-level courses designed for people with an intellectual or learning disability. Class sizes are kept deliberately low to ensure students are effectively supported.

CERTIFICATE I IN TRANSITION EDUCATION

VET DELIVERED TO SECONDARY SCHOOL STUDENTS (VETDSS)

LOCATION

Broadmeadows / Docklands / Cremorne

WHAT ARE VET PROGRAMS?

Vocational Education and Training (VET) studies combine general Victorian Certificate of Education VCE VM with vocational training and experience in the workplace.

A VET program offers students the opportunity to complete a nationally recognised qualification while providing credit towards the VCE, just like other subject areas. The vocational qualification provides access to further training and could improve your chances of finding a job when you finish school.

HOW DOES VET CONTRIBUTE TOWARDS VCE?

All VCE VET programs and most VET programs are fully recognised within the Unit 1-4 structure of the VCE and contribute towards the satisfactory completion of your VCE. Most VET programs require two years to complete.

A number of VCE VET programs also have a study score attached which contributes towards your ATAR score. Students who study VCE VET programs and receive a Unit 3-4 sequence will be eligible for a 10 percent increment towards their ATAR (10 percent of the average of the primary four scaled studies) or a direct contribution through an external exam, just like other VCE subjects.

FOR MORE INFORMATION

Phone 1800 914 161

or email vetinschools@kangan.edu.au

VETDSS provides you with the opportunity to complete a nationally-recognised qualification, whilst providing credit towards your VCE or VCAL. Many of our students chose to combine secondary school studies with a VET qualification to complement their existing studies or to try something that they are interested in. No matter what the motivation, VETDSS can open up pathways to help you with your future career path.

VETDSS options:

- Allied Health
- Animal Care
- Applied Fashion Design
- Automotive
- Building and Construction
- Business
- Engineering
- Electro-technology
- Hair and Beauty
- Hospitality
- Digital Technology
- Plumbing

VCE VM / VPC STREAMS

At Kangan Institute we also offer our students a suite of Taster programs. These programs are designed to give our students experience across a variety of subject areas while they complete their program. Students can select two of these Taster Programs per year.

VICTORIAN PATHWAYS CERTIFICATE

COURSE CODE VPC0000001

LOCATION

Broadmeadows

DURATION

Full-time: 1 year

INTAKE

Direct entry / Rolling enrolments

The VPC course provides you with practical, hands-on options and VET units. The course is a 1-year vocational and applied learning program. It aims to prepare students to transition successfully into the VCE Vocational Major, further study in apprenticeships, traineeships, higher education, and training or directly into employment.

This course will support students to develop both academic and practical skills. It employs a more diverse range of assessment strategies rather than exams, alleviating some of the pressure that students face.

PREREQUISITES

There are no prerequisites for this course.

SELECTION PROCESS

Attend an individual interview.
Complete a Language, Literacy and Numeracy (LLN) assessment.

CAREER OPPORTUNITIES

This program will develop skills and knowledge in literacy, numeracy, personal and work-related skills allowing you to make informed choices and become eligible for pathways into further studies and employment in a variety of industries.

FURTHER STUDY OPPORTUNITIES

At the end of the course, you will receive the Victorian Pathways Certificate (VPC) along with vocational training units as part of the course. This will enable students to pursue further study post-high school and additional vocational and apprenticeship training opportunities.

CORE UNITS	
Victorian Pathway Certificate units	
Literacy (VPC)	LIT041
Literacy (VPC)	LIT042
Numeracy (VPC)	NUM041
Numeracy (VPC)	NUM042
Personal Development Skills (VPC)	PDS041
Personal Development Skills (VPC)	PDS042
Work Related Skills (VPC)	WRS041
Work Related Skills (VPC)	WRS042
VPC VET units	
Develop drawing skills	CUADRA201
Follow a design process	CUADES201
Develop digital imaging skills	CUADIG212
Develop and apply thinking and problem solving skills	BSBCRT201
Use business software applications	BSBTTC201
Use digital technologies to communicate in a work environment	BSBTTC202
Research using the internet	BSBTTC203
Use inclusive work practices	BSBTWK301
Engage with a range of texts for personal purposes	VU22413
Participate in complex spoken interactions	VU22417
Create a range of complex texts for personal purposes	VU22418
Research pathways and produce a learning plan and portfolio	VU22411
Investigate and interpret simple mathematical formulae and problem solving techniques	VU22424
Develop and use personal budgets	FNSFLT211
Develop and use savings plans	FNSFLT212

VICTORIAN CERTIFICATE OF EDUCATION VOCATIONAL MAJOR (VCE VM)

COURSE CODE VCE0000001

LOCATION

Broadmeadows

DURATION

Full-time: 2 years

Units 1 and 2 are completed in year 1

Units 3 and 4 are completed in year 2

INTAKE

Direct entry / Rolling enrolments

We provide hands-on learning experiences and are inclusive to all kinds of learners. Our teachers and staff care about individual learning needs. We understand everyone learns differently and at their own pace.

The VCE Vocational Major course provides you with a practical, hands-on option in Years 11 and 12. The course is a 2-year vocational and applied learning program within the VCE.

The skills learned will prepare students to transition successfully into apprenticeships, traineeships, further education and training, university, or directly into employment. The course will support students in developing both academic and practical skills.

It employs a more diverse range of assessment strategies rather than exams, alleviating some of the pressure students face when considering VCE options.

PREREQUISITES

There are no prerequisites for this course.

SELECTION PROCESS

Students applying for the VCE Vocational Major Certificate should have completed Year 10 and must be at least 16 years of age. Applicants will be assessed in language, literacy, and numeracy (LLN) as part of the application, interview and enrolment process.

CAREER OPPORTUNITIES

This program will develop skills and knowledge in literacy, numeracy, personal and work-related skills allowing you to make informed choices and become eligible for pathways into further studies and employment in a variety of industries.

FURTHER STUDY OPPORTUNITIES

At the end of the course, you will receive the VCE Vocational Major Certificate (year 12) along with vocational training units as part of the course. This will enable students to pursue further study post-high school and further vocational and apprenticeship training opportunities.

COURSE IN INTRODUCTION TO THE NATIONAL DISABILITY INSURANCE SCHEME

COURSE CODE 22469VIC

LOCATION

Broadmeadows

DURATION

Part-time: 10 weeks

INTAKE

Direct entry

This program is designed to assist potential workers for the disability industry. It allows students to make an informed choice whether the disability sector is for them. It provides a pathway into the Certificate III in Individual Support (Disability) (CHC33015) or the Certificate IV in Disability (CHC43115).

PREREQUISITES

There are no prerequisites for this course.

SELECTION PROCESS

You will need to attend an interview and undertake a pre-training review including a language, literacy and numeracy (LLN) assessment.

CAREER OPPORTUNITIES

This course may lead to employment as a:

- Disability Support Worker
- Personal Care Assistant
- Personal Support Worker
- Disability Officer

FURTHER STUDY OPPORTUNITIES

You can further your study at Certificate III, Certificate IV and Diploma level across the Health and Community Sectors.

CORE UNITS

Work effectively with a national disability insurance scheme participant	VU22448
--	---------

Information about elective units can be found online

CERTIFICATE IV IN DISABILITY

COURSE CODE CHC43115

LOCATION

Essendon

DURATION

Full-time: 9 months

INTAKE

Direct entry

Make a genuine difference to the lives of people with disabilities. From helping others achieve greater levels of independence to enjoying an enhanced quality of life, this course will give you the skills needed to attend to those under your care. As part of your studies, you are also required to complete a work placement component of 120 hours which often leads to future employment and job opportunities.

PREREQUISITES

A current Police Check and Working with Children Check (WWCC).

Students must be over the age of 18 by the time they are due to complete the course.

SELECTION PROCESS

You will be assessed to ensure that you have the satisfactory language, literacy and numeracy (LLN) and the communication skills to undertake the course. You will also be required to attend an information session.

CAREER OPPORTUNITIES

This course may lead to employment as a:

- Disability Support Worker
- Lifestyle Support Officer
- Behavioural Support Officer
- Employment Coordinator (Disability)
- Residential Care Officer

FURTHER STUDY OPPORTUNITIES

You can further your study in our Diploma of Community Services (CHC52015).

Certificate IV in Disability (CHC43115) is part of the Nursing and Personal Care Free TAFE Priority Pathway. This means students who are eligible for Free TAFE for this course may also be eligible to study the Diploma of Nursing (HLT54121) through Free TAFE.

CORE UNITS

Provide individualised support	CHCCCS015
Follow established person-centred behaviour supports	CHCDIS002
Develop and provide person-centred service responses	CHCDIS005
Facilitate the empowerment of people with disability	CHCDIS007
Facilitate community participation and social inclusion	CHCDIS008
Facilitate ongoing skills development using a person-centred approach	CHCDIS009
Provide person-centred services to people with disability with complex needs	CHCDIS010
Work with diverse people	CHCDIV001
Manage legal and ethical compliance	CHCLEG003
Recognise healthy body systems	HLTAAP001
Follow safe work practices for direct client care	HLTWHS002

JOEL STIBBARD
CERTIFICATE IV IN DISABILITY
- INSPIRATIONAL STUDENT OF THE YEAR AWARD 2021

“I would’ve been 43 years of age when I enrolled and I am glad I took that option. I believe Kangan Institute got me thinking outside the box and how to communicate with other people.

JASPER ZEVEN
DIPLOMA OF COMMUNITY SERVICES

“The teachers have been fantastic, insightful and supportive. I would like to thank all of the staff at Kangan Institute for supporting me and guiding me, and giving me the faith and hope in my journey.

COURSE IN IDENTIFYING AND RESPONDING TO FAMILY VIOLENCE RISK

COURSE CODE 22510VIC

LOCATION

Delivered online

DURATION

Part-time: 10 weeks

INTAKE

Direct entry

This course is an accredited training program designed for people who are currently working or seeking work with universal service providers to identify the risk of family violence for service users. Universal service professionals do not assess or prevent risk of family violence primarily in their role, however they may encounter victim survivors and/or perpetrators of violence through their work and subsequently their role requires essential knowledge about the State's legislated response to family violence.

PREREQUISITES

There are no prerequisites for this course. Participants undertaking this course are likely to be professionals who do not have family violence as a core function of their role. These professionals may encounter victim survivors (including children and young people) and perpetrators through their interactions with children, families and/or adults within their work. It also provides the foundational understanding of family violence and risk needed for further levels of specialisation.

SELECTION PROCESS

You will need to attend an interview and undertake a pre-training review including a language, literacy and numeracy (LLN) assessment.

CAREER OPPORTUNITIES

There are no further career opportunities associated with this course.

FURTHER STUDY OPPORTUNITIES

There are no further study opportunities associated with this course.

CORE UNITS

Identify and provide initial response to family violence risk	VU22733
---	---------

Information about elective units can be found online

CERTIFICATE IV IN COMMUNITY SERVICES

COURSE CODE CHC42015

LOCATION

Broadmeadows

DURATION

Full-time: 9 months

INTAKE

Direct entry

The qualification reflects the role of community service workers who design and deliver person-centred services to individuals and/or groups. Workers may provide support, advocacy or interventions to individual clients, groups or communities across a range of services.

PREREQUISITES

You will be assessed to ensure that you have proficient oral and written communication.

SELECTION PROCESS

You will be assessed to ensure that you have the satisfactory language, literacy and numeracy (LLN) and the communication skills to undertake the course.

You will also be required to attend an information session.

CAREER OPPORTUNITIES

This course may lead to employment as a:

- Case Worker
- Homelessness Support Worker
- Mental Health Support Worker
- Residential Youth Worker
- Community Support Worker

FURTHER STUDY OPPORTUNITIES

Go further with our Diploma of Community Services (CHC52015).

Certificate IV in Community Services (CHC42015) is part of the Community Services Free TAFE* Priority Pathway. This means students who are eligible for Free TAFE* for this course may also be eligible to study the Diploma of Community Services (CHC52015) through Free TAFE*.

CORE UNITS	
Facilitate the interests and rights of clients	CHCADV001
Assess co-existing needs	CHCCS004
Use communication to build relationships	CHCCOM002
Work with diverse people	CHCDIV001
Work legally and ethically	CHCLEG001
Develop and maintain networks and collaborative partnerships	CHCPRP001
Maintain work health and safety	HLTWHS003

Information about elective units can be found online

DIPLOMA OF COMMUNITY SERVICES

COURSE CODE CHC52015 | CRICOS 094073E

LOCATION

Broadmeadows

DURATION

Full-time: 18 months

INTAKE

Direct entry / February and July

Learn counselling skills, group work skills, human rights, cultural inclusion and strategies for effective service delivery, all skills you will need to start working in individual and family case work and group work. Work placement is a compulsory part of this course.

This course is also ACWA (Australian Community Workers Association) Accredited, which requires the completion of 400 hours of practical placement hours within a Community Service setting.

PREREQUISITES

You need to have completed VCE or an approved equivalent course and the satisfactory completion of the work requirements (eligibility to transfer) or are mature age and have sufficient work experience to successfully undertake the course. (Mature age is anyone over the age of 18 who has been out of full-time education for more than 12 months).

You need to have a high level of language, literacy and numeracy skills following completion of an LLN assessment. You also need to have a clear police record and a Working with Children Check (WWCC).

SELECTION PROCESS

You will be assessed to ensure that you have the satisfactory language, literacy and numeracy (LLN) and the communication skills to undertake the course. You will also be required to attend an information session.

CAREER OPPORTUNITIES

This course may lead to employment as a:

- Social Welfare Worker
- Case Worker/Manager
- Community Development/Engagement Worker
- Family Support Worker
- Project Officer
- Early Intervention Worker
- Pastoral Care Counsellor or Manager
- Senior Youth Officer

CORE UNITS

CERTIFICATE II IN SALON ASSISTANT

COURSE CODE: SHB20216

LOCATION

Cremorne

DURATION

Full-time: 9 weeks

INTAKE

Direct entry / February

If your goal is to work as a hairdresser, this course can give you a head start.

This nationally recognised qualification will give you the basic knowledge and skills required to commence work in a hairdressing salon as a salon assistant. You will gain genuine hands-on experience working with real clients in our on-campus training salon.

PREREQUISITES

You need to have satisfactory literacy and numeracy skills and be at least 15 years of age when you apply.

SELECTION PROCESS

You will be required to complete an assessment to evaluate your language, literacy and numeracy (LLN) skills. This helps to ensure that you enrol in a course that is the right level of study for you.

CAREER OPPORTUNITIES

This qualification may help you to find employment as an apprentice hairdresser. A hairdressing qualification can lead to many work opportunities, from owning your own salon to working at fashion shows or in film and television.

FURTHER STUDY OPPORTUNITIES

Graduates of this course can go onto study the Certificate III in Hairdressing (SHB30416) or the Certificate III in Barbering (SHB30516).

CORE UNITS

Contribute to health and safety of self and others	BSBWHS201
Provide shampoo and basin services	SHBHBAS001
Dry hair to shape	SHBHDES001
Maintain and organise tools, equipment and work areas	SHBHIND001
Conduct salon financial transactions	SHBXCCS001
Greet and prepare clients for salon services	SHBXCCS003
Comply with organisational requirements within a personal services environment	SHBXIND001
Communicate as part of a salon team	SHBXIND002

Information about elective units can be found online

FREE TAFE COURSE*

DIPLOMA OF APPLIED FASHION DESIGN AND MERCHANDISING

COURSE CODE MST50119

LOCATION

Cremorne

DURATION

Full-time: 1.5 years

INTAKE

Direct entry / February and July

Students applying for the Diploma of Applied Fashion Design and Merchandising will be able to choose from one of two study streams:

1. Design and Product Development

This stream is designed to be both an entry level qualification in fashion design and its related skills as well as a qualification providing skills for employment as a design assistant, designer, patternmaker, technical designer, garment technician, bespoke couturier or a sustainability advisor. As part of this course students will be required to undertake work experience for two weeks.

Students can either identify and gain work placement or work closely with our teachers to gain work placement with one of our numerous industry partners.

2. Business and Merchandising

This stream is designed for students interested in occupations such as marketing manager, merchandise manager, e-commerce, supply chain or logistics manager. Work experience in the industry is a desirable component of this course. Students work through industry based collaborative projects that are designed to develop their skill sets, market knowledge and business savvy, and enhance future job prospects.

PREREQUISITES

You need to have completed VCE (or equivalent) or be of mature age and have sufficient work experience.

You also need to have a satisfactory level of literacy and numeracy skills following completion of an LLN assessment.

SELECTION PROCESS

Applicants to the course must attend a group interview and information session.

CAREER OPPORTUNITIES

Design and Product Development

This course may lead to employment as a:

- Fashion Designer
- Patternmaker
- Grader
- Assistant Production Manager
- Quality Controller
- Garment Technician

Business and Merchandising

This course may lead to employment in:

- Marketing
- Supply Chain
- Account Management

FURTHER STUDY OPPORTUNITIES

Graduates are eligible for credits towards a degree and guaranteed entry into a leading Australian university.

Graduates can also apply for credit transfers into the Advanced Diploma of Applied Fashion Design and Merchandising (MST60116) or further studies at a university.

CORE UNITS	
Participate in environmentally sustainable work practices	MSMENV272
Work safely	MSMWHS200

CERTIFICATE IV IN REAL ESTATE PRACTICE

COURSE CODE CPP41419

LOCATION

Broadmeadows / Online

DURATION

Full-time: 6 months
Part-time: 9 months

INTAKE

Direct entry / Rolling enrolments

If you enjoy selling, communicate well and have a passion for providing excellent customer service, a career in the exciting field of real estate could be right for you.

This qualification reflects the role of real estate professionals who apply knowledge of real estate practice, legal agency and compliance requirements, ethical standards and consumer preferences to conduct real estate functions. This qualification applies to people working in both residential and commercial property, including business broking, and stock and station transactions.

Licensing, legislative, regulatory or certification requirements apply to real estate practices in all states and territories. Relevant state and territory regulatory authorities should be consulted to confirm those requirements.

PREREQUISITES

There are no set prerequisites for this course. However, it is recommended that you have satisfactory numeracy and literacy skills to undertake this course. You must be 18 in order to register with the Business Licensing Authority.

SELECTION PROCESS

Applicants are required to attend an information session and undertake a language, literacy and numeracy assessment and complete a pre-training review.

CAREER OPPORTUNITIES

This course may lead to employment as an:

- Auctioneer
- Property Manager
- Body Corporate Manager
- Real Estate Representative
- Real Estate Salesperson
- Real Estate Sub-agent
- Property Portfolio Officer
- Buyer's Agent

To work in the Victorian real estate industry you need to be registered with the Business Licensing Authority (BLA). You can check to see if you're eligible for registration at consumer.vic.gov.au/licensing-and-registration/estate-agents/agents-representatives

FURTHER STUDY OPPORTUNITIES

Graduates can pathway to Diploma of Property (Agency Management) for further learning and career advancement, which enables students to become licensed real estate agents.

CORE UNITS	
Prepare for professional practice in real estate	CPPREP4001
Access and interpret ethical practice in real estate	CPPREP4002
Access and interpret legislation in real estate	CPPREP4003
Establish marketing and communication profiles in real estate	CPPREP4004
Prepare to work with real estate trust accounts	CPPREP4005

Information about elective units can be found online

ROHAN KENNEDY

CERTIFICATE III IN FOOD PROCESSING

“Over the pandemic, I found that I had a bit of spare time, so I started home brewing. I wanted to build on the knowledge I had already gained via YouTube. The course has others like me who are passionate about the craft and beer, and others who are working in the industry looking to level up. The big pipe dream is to open and run my own microbrewery. To do that I need to make sure I have the right understanding of how to perform and operate. This course is providing a lot of content on that front.

CERTIFICATE III IN FOOD PROCESSING (BREWING)

COURSE CODE FBP30121

LOCATION

Broadmeadows

DURATION

Part-time: 1 year

INTAKE

Direct entry / February

This course is for those wishing to enter the food processing industry with a focus in micro-brewing. This course is also designed for those wanting to start up their own microbrewery and brewers seeking to employ entry level staff, and those wishing to work in any other stream of food processing which is a high demand industry.

PREREQUISITES

You must be a minimum 18 years of age as you will be working with alcohol. It is recommended that you have satisfactory numeracy and literacy skills to undertake this course or are mature age and have sufficient work experience.

SELECTION PROCESS

Interview and a literacy and numeracy assessment.

CAREER OPPORTUNITIES

You may seek employment opportunities within Victorian breweries, Independent Brewers association and/or other industry partners in various fields of Food Processing.

FURTHER STUDY OPPORTUNITIES

Graduates can earn credits towards a degree in a leading Australian university.

CORE UNITS

Monitor the implementation of quality and food safety programs	FDFFS3001A
Contribute to OHS Processes	FDFOHS3001A
Provide and apply workplace information	FDFOP2064A
Implement the food safety program and procedures	FDFFS2001A
Participate in environmentally sustainable work practices	MSMENV272

Information about elective units can be found online
