Course Guide 2027

STUDENT OF THE YEAR 2025

I moved from Mexico to Australia on my own when I was 20 and decided to study hairdressing and barbering at Kangan Institute to build my skills for the film industry.

The best thing about Kangan Institute is the world it opened up for me. I learned so much, not just from the course content, but from the diversity of the students and cultures around me. The facilities are excellent, and the salon feels like a real working salon.

What I love most is that this course has given me more than just skills. It's truly changed my life, and my goal now is to help others using the skills I've gained.
