## WE'RE COMMITTED TO CONTINUING TO BUILD LONG-TERM RELATIONSHIPS WITH SCHOOLS.

With more than 80 years of experience in the vocational education sector, Kangan Institute is the training partner of choice for schools who strive to help their students develop genuine career paths and achieve their potential.

Our proven track record of industry collaboration, accomplished training credentials and commitment to continuous improvement, combine to ensure quality outcomes for your students and your school.

Our Schools Team has been appointed specifically to provide schools with a single point of contact when dealing with us and to help you get the best value from our services.

Our experienced team will work in consultation with you to find the best solutions to benefit your school and your students.

Contact the Schools Team today on 1300 423 883 or [schoolspartners@kangan.edu.au](mailto:schoolspartners@kangan.edu.au). We're here to help.

### We partner with schools to deliver training that leads to genuine career pathways.

We have a proven history of partnering with schools across Victoria to provide high quality training that leads to genuine career pathways for young people. We provide a safe and nurturing learning environment that delivers a variety of education programs designed to complement the traditional education framework.

### VET DELIVERED TO SECONDARY SCHOOL STUDENTS (VETDSSS)

Our VETDSSS program enables schools to offer a more diverse curriculum and provide their students with access to a wider range of career paths. The program also allows schools to offer VET in areas where they do not have existing expertise or infrastructure.

By tapping into our industry knowledge and utilising our purpose built facilities, you can be confident that your students will have access to the latest equipment, technology and techniques. Students will develop industry specific skills which will enhance their employment and further training prospects.

### SCHOOL BASED APPRENTICESHIPS AND TRAINEESHIPS

The school based apprenticeships and traineeships program enables your students to get a head-start in the career of their choice by working part-time and starting the first stage of their apprenticeship training whilst completing their VCE or VCAL.

On completion of secondary school, students are able to move into a full-time apprenticeship with their employer or take their studies further at TAFE or university.

### TASTER PROGRAMS

Our taster programs are a terrific option for students who want to explore their career options or try out potential in VETDSSS programs. They are also valuable for students who do not wish to commit to a full VETDSSS Certificate program and who would like to try out different study areas.

# SUPPORT FOR CAREER ADVISORS

## We help students make informed study decisions.

Our resources and support for careers practitioners ensure that you and your students are well equipped with information about career paths and further study options.

## CAMPUS TOURS

Our campus tours provide school groups with the opportunity to get a glimpse of campus life. These tours give students an overview of what vocational and higher education is all about, and the chance to see our state-of-the-art facilities.

## COURSE GUIDES

We've designed our course guides as a helpful reference tool for you and your students. They provide an overview of the wide range of courses we offer, study pathways and possible career outcomes. The guides may be downloaded in PDF format from our website or you can order small quantities of printed versions online [info.kangan.edu.au/LP=2122](http://info.kangan.edu.au/LP=2122)

## CAREER ADVISOR NEWSLETTER

Our regular newsletter for careers practitioners will help you stay abreast of upcoming events, new and updated courses, and other relevant information.

## SCHOOL VISITS

We can visit your school and talk to your students about our training programs via a presentation or at a careers expo. We are able to tailor presentations to focus on specific course areas if your students have a key area of interest.

## EXPERIENCE DAYS

Our Experience Days provide secondary school students with the opportunity to visit our facilities and gain an insight into vocational education through a series of interactive workshops. To find out more and register for upcoming Experience Days, please contact our schools team: [schoolspartners@kangan.edu.au](mailto:schoolspartners@kangan.edu.au) or call **1300 423 883**.

## CAREERS PRACTITIONER SEMINARS

Our seminars for careers practitioners (and other school staff) provide opportunities to network with our teaching areas and find out how our range of study options, support services and facilities can help you, and your students.

## CONTACT US FOR MORE INFORMATION

To book a campus tour, order course guides, subscribe to our newsletter, invite us to your school or express your interest in our Experience Days or Careers Advisor Seminars, visit [kangan.edu.au/schools](http://kangan.edu.au/schools) or call us on **1300 423 883**.

## FOR SCHOOL LEAVERS

### Our study options offer bright futures for school leavers.

As one of Victoria's largest and most trusted education and training providers, Kangan Institute offers a wide range of study options for school leavers. Our programs emphasise real skills and are developed in conjunction with major industry partners to ensure that course content and learning outcomes are highly relevant to the needs of today's employment environment.

### VICTORIAN CERTIFICATE OF APPLIED LEARNING (VCAL)

As one of the largest providers of VCAL in Victoria, we have the capacity to provide a large number of places in a diverse range of study areas. We offer regular enrolments throughout the year, which means we can bring students on to a pre-VCAL or VCAL certificate when they need it.

Our teachers are particularly skilled at working with students aged between 15 and 19. We are able to offer VCAL students the opportunity to access a large range of study areas by integrating with our VETDSSS program.

### VOCATIONAL TRAINING

We are widely recognised as leaders in delivering hands-on, practical vocational training and our courses attract more than 30,000 enrolments each year. With more than 200 nationally accredited courses delivered at five campuses across metropolitan Melbourne, we've got something for everyone.

### PRE-APPRENTICESHIPS

Our pre-apprenticeship courses provide students with the opportunity to gain a realistic expectation of the work involved in a particular trade and to learn basic trade skills. In most cases, credits gained from a pre-apprenticeship course can help reduce the total length of apprenticeship training. This type of training can also increase a student's chances of securing an apprenticeship as many employers prefer candidates who have undertaken a pre-apprenticeship.

### APPRENTICESHIPS AND TRAINEESHIPS

With a combination of on-the-job training and on-campus learning, apprenticeships and traineeships provide students with a way to earn while they learn skills for the job. Our apprenticeship and traineeship courses span across more than 20 study areas and are developed in consultation with industry, for industry. This means that what we teach our students is work-specific and highly relevant to employers' current needs.

### TRANSITION AND WORK EDUCATION PROGRAM

Designed specifically for young people with mild intellectual or learning disabilities, our work education programs help students improve their work skills and gives them real work experience in various industries. Participants also learn organisational, communication, numeracy and employability skills in a nurturing environment.

# FOR SCHOOL LEAVERS

Seven ways that we give school leavers a head start.

1

## SMOOTHER TRANSITION

With a relaxed atmosphere, small classes and individualised attention, TAFE provides an environment where students can build their study skills, develop industry knowledge and boost their confidence before going on to university.

2

## EASIER ENTRY

TAFE selection requirements are different to university. We don't base our selection on ATAR scores and we don't require students to have completed certain secondary school subjects as prerequisites.

3

## GUARANTEED UNIVERSITY PATHWAYS

Our partnerships with some of Australia's leading universities provide our graduating students with guaranteed entry when they enrol in a degree.

4

## SAVE MONEY

Students may be able to save money by replacing a year at university with a year at TAFE. For example, through one of our guaranteed university pathway partnerships students can earn eight credit points towards their degree - that's equivalent to a full year's worth of university fees.

5

## START EARNING SOONER

Students can complete a nationally recognised Diploma at TAFE in as little as 6-12 months. They can then use their TAFE qualification to secure a job in their chosen field (often earning better money than a casual job) and study part-time to complete a degree at university.

6

## IMPROVED EMPLOYMENT PROSPECTS

If students complete a TAFE course and then go onto university, they'll end up with two qualifications. They'll have a mix of practical and theoretical knowledge which is highly regarded by many employers.

7

## STUDY LOCALLY

If students don't live nearby to a university, commuting or relocating can be expensive. Spending some time studying at their local TAFE can be more affordable.

# GUARANTEED UNIVERSITY PATHWAYS

**Our partnerships with some of Australia's leading universities provide our students with a guaranteed pathway to university.**

Our guaranteed university pathway partners include:

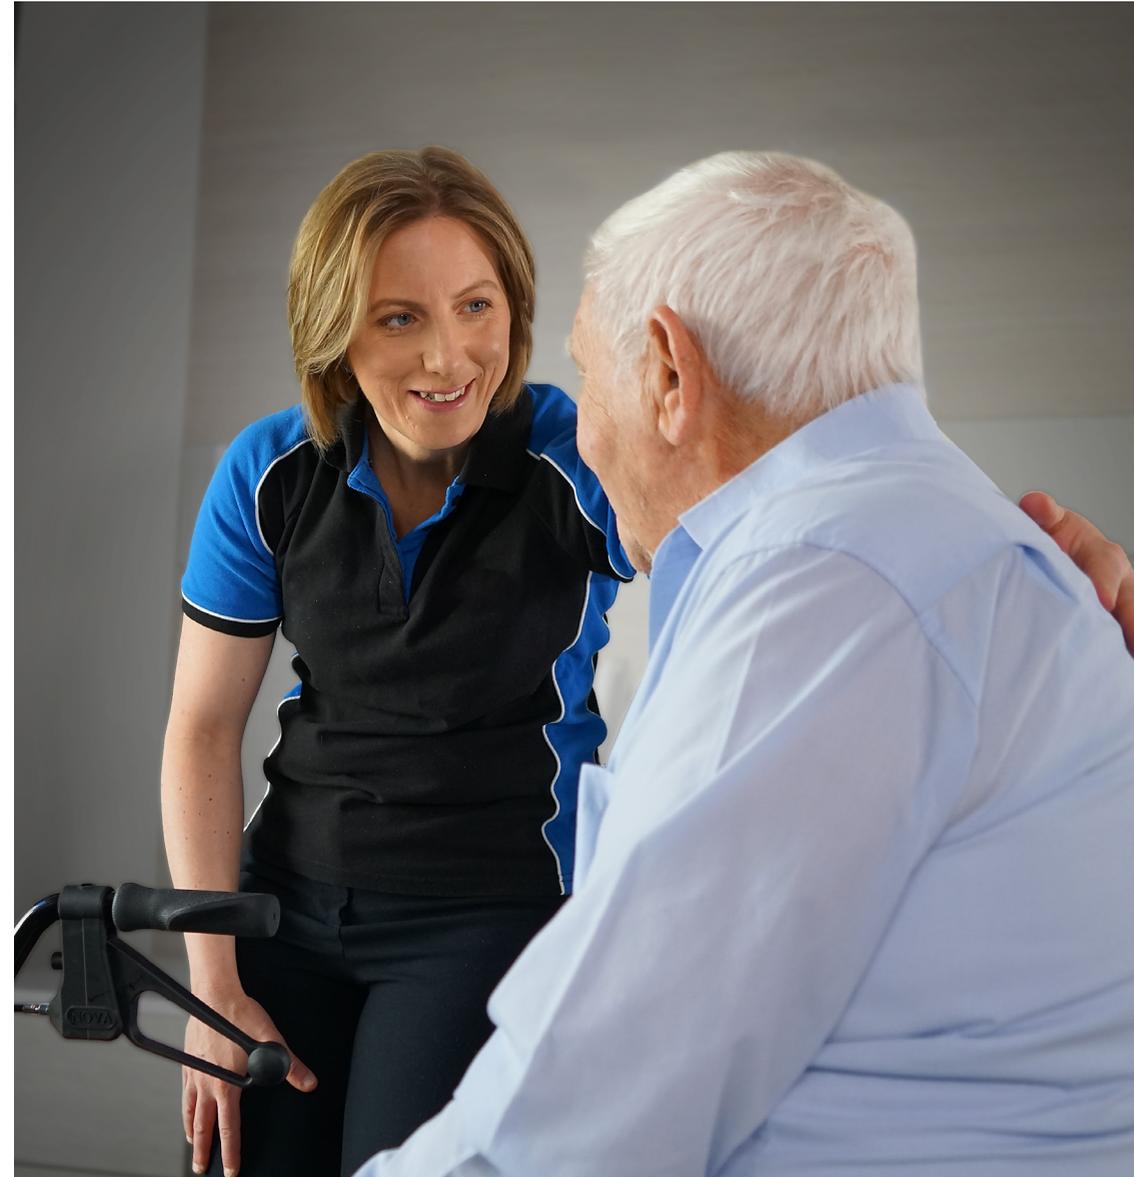

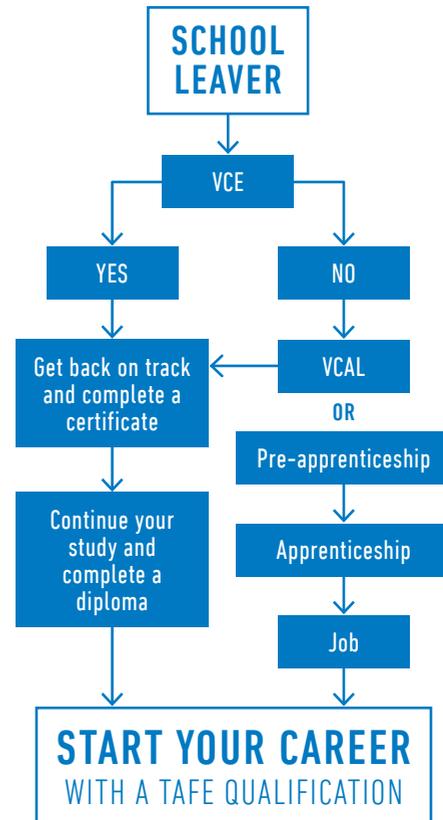

- Australian College of Applied Psychology
- Charles Sturt University
- Deakin University
- Federation University
- Flinders University
- La Trobe University
- Central Queensland University
- RMIT
- Swinburne University of Technology
- Torrens University
- Victoria University

Many of our graduates are eligible for credits towards a degree from the following universities:

- Charles Sturt University
- Deakin University
- Federation University
- Flinders University
- La Trobe University
- Victoria University

## PATHWAYS TO A DREAM CAREER

With hands-on practical learning, high levels of student support and opportunities to work with our key industry partners, TAFE gives you the support you need to achieve your future career goals. Kangan Institute can support you to gain the skills that you require to gain employment.

# OUR STUDY AREAS

Our diverse study areas offer something for everyone.

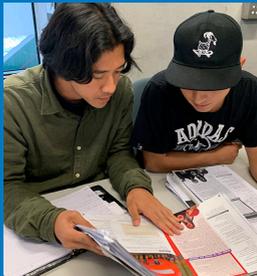

Trades and Logistics

Health and Community

Automotive

Business, Commerce and IT

Hair, Barbering and Beauty

View our full range of courses online: [kangan.edu.au/courses](http://kangan.edu.au/courses)

Hospitality and Retail Baking

Indigenous Cultural Arts

# SUPPORT SERVICES FOR STUDENTS

## We support our students to achieve their goals.

We know that young people sometimes need additional support and encouragement to help them unlock their potential. Recognising this need, we provide a range of free services for our students that go far beyond simply delivering training programs.

### NEXT STEP

Finding the right course or career path can feel overwhelming and confusing. NEXT STEP is a free service for 15 – 24 year olds who are looking for advice on pathway options, career planning and referrals to relevant services.

### STUDY SUPPORT

Our students have access to a range of study support services to help them successfully complete their course work. They can also access workshops and resources to help with course work and exam preparation.

## WELFARE SERVICES

We understand that being a student can be difficult and that life's pressures can be challenging. Our experienced, qualified counsellors provide a free confidential service to help students manage these difficulties and keep their study on track.

## TRANSITIONS FACILITATORS

Our team of transitions facilitators work alongside students who are aged between 15-19 years to help them make a smooth transition into further education, training and employment.

## EMPLOYMENT CENTRE

We're dedicated to assisting our students to understand and develop their employability skills and helping them to find 'real jobs' in their chosen field. The Employment Centre team provides a range of job search and employment related activities and resources and one-on-one assistance.

## SCHOLARSHIPS

We believe in rewarding hard work and achievement as well as supporting disadvantaged people within our community and have a number of scholarships and grants available to help students pursue their studies.

## SUPPORT FOR INDIGENOUS STUDENTS

Our Koorie Liaison Officer helps Indigenous students through their journey with us by providing cultural support, mentoring, offering advice and other assistance on an as needs basis.

## SKILLS AND JOBS CENTRE

Our Skills and Jobs Centres provide students with advice on job opportunities, vocational training and assisting individuals in preparing for their future.

Our friendly consultants can assist you to answer questions such as:

- Do I need training or a qualification?
- How can I start a career or make a career change?

- Where do I start to look for a new job?
- What type of job may be good for me?

## RECONNECT

Reconnect is a free service that can provide personalised support and course related financial assistance to people who haven't completed year 12. This service works with their strengths and individual learning goals to help them successfully return to education and training.
