“ I applied for the Internship Program in desperate search of work experience and “hands-on” knowledge to help me apply for jobs. Not only did this program give me the opportunity to do so, but I successfully found a permanent job in my profession! This is a blessing for my family especially with our first baby on the way.

“ After many unsuccessful job applications last year, I decided to do the Internship Program! My teachers were very encouraging and patient and helped me to find an accounting internship. The Internship Program has really changed my life.
